## 1.4 MW 2010 New Jenbacher J420 GS-B25 Biogas Generator Set

# 1.4 MW 2010 New Jenbacher J420 GS-B25 Biogas Generator Set

## Description

The biogas generator set is a factory-new unit built for high-efficiency power generation from renewable biogas sources. Designed for continuous operation, it combines advanced combustion technology with robust engineering to deliver dependable performance and low operating costs. With zero operating hours, this generator set is ideally suited for biogas plants, agricultural facilities, and industrial sites seeking reliable green power.

### KEY FEATURES:

- Electrical output: 1.4 MW
- High-efficiency synchronous generator
- Advanced combustion system for stable performance on variable biogas quality
- Designed for continuous duty applications

### ADVANTAGES:

- Renewable energy solution using biogas for sustainable power generation
- High electrical efficiency with optimized Jenbacher engine design
- Proven reliability for continuous operation in demanding environments

Manufacturer	Jenbacher
Model	J420 GS-B25
Year	2010
Condition	New
Location	Asia
Qty Available	4 Units
Category	Bio Gas
Subcategory	1 – 9 MW
Stock Number	USP010849
Wattage	1.4 MW
Hours	Zero
Frequency	50 Hz
Fuel Type	Biogas
Voltage	400 Volts
Balance of Plant Available? (BOP)	-
