2 MW 2015 Used Caterpillar 3516C Diesel Generator Set

2 MW 2015 Used Caterpillar 3516C Diesel Generator Set

Description

This diesel generator set is a high-capacity, industrial-grade unit designed for continuous or standby power applications. Built with Caterpillar's proven 3516C engine platform, this generator offers reliable performance, robust construction, and efficient fuel consumption for demanding environments such as mining, data centers, and manufacturing facilities. The set is skid-mounted and includes a digital control panel and radiator cooling system.

KEY FEATURES:

- **Rated Output:** 2 MW (2000 kW) standby power at 60 Hz
- **Emissions Compliance:** Tier 2 or Tier 4 (depending on configuration and market)
- **Mounting:** Skid-mounted for ease of integration

ADVANTAGES:

- **High Power Density:** Delivers significant output from a compact footprint
- **Robust Design:** Designed to operate in harsh environmental and temperature conditions with minimal performance loss.
- **Fuel Efficiency:** Delivers efficient fuel consumption relative to output, lowering operational costs over long-term use.

Manufacturer	Caterpillar
Model	3516C
Year	2015
Condition	Used
Location	North America
Qty Available	1 Unit
Category	Diesel Generators
Subcategory	1 - 9 MW
Stock Number	USP010711
Wattage	2 MW
Hours	165
Frequency	60 Hz
Fuel Type	Diesel
Voltage	480 Volts
Balance of Plant Available? (BOP)	-
