

# SPECIFICATIONS

## 1.2 MW 2015 Used Caterpillar G3516 Natural Gas Generator Set

# 1.2 MW 2015 Used Caterpillar G3516 Natural Gas Generator Set

## Description

This used natural gas generator set is a proven power solution designed for dependable and efficient operation. Built on a robust 16-cylinder engine platform, it delivers reliable performance for both continuous and prime duty applications. Its efficient combustion technology ensures optimal fuel utilization while keeping emissions within regulatory limits, making it suitable for industrial plants, utilities, and combined heat and power (CHP) installations.

Whether used as a primary source of power or integrated into a grid-parallel setup, it provides stable output and dependable performance under varying load conditions.

### KEY FEATURES:

- Rated electrical output of 1.2 MW
- Designed for continuous and prime duty operation
- Compatible with combined heat and power (CHP) applications

### ADVANTAGES

- High fuel efficiency ensures economical operation
- Lower environmental impact compared to diesel-powered units
- Long service intervals and strong aftermarket support minimize downtime

Manufacturer	Caterpillar
Model	G3516
Year	2015
Condition	Used
Location	Asia
Qty Available	1 Unit
Category	Natural Gas Generators
Subcategory	1 – 9 MW
Stock Number	USP010860
Wattage	1.2 MW
Hours	100
Frequency	50 Hz
Fuel Type	Natural Gas
Voltage	400 Volts
Balance of Plant Available? (BOP)	-
