1.9 MW 2022 New Mitsubishi S16RPTA Diesel Generator Set

1.9 MW 2022 New Mitsubishi S16RPTA Diesel Generator Set

Description

This diesel generator set is a high-capacity, heavy-duty power solution rated at 1.9 MW. Designed for reliable continuous or standby power applications, it features Mitsubishi’s proven S16R series engine technology, delivering robust performance with excellent fuel efficiency. This generator set is well-suited for industrial plants, commercial complexes, mining operations, and utility backup systems where dependable power is critical. Supplied as a complete package, it includes the diesel engine, generator, cooling system, control panel, and all essential auxiliaries for seamless integration into new or existing power systems.

KEY FEATURES:

- **Rated output:** 1.9 MW prime/continuous power
- **Efficiency:** Optimized combustion system for low fuel consumption
- **Durable build:** Designed for long service life under continuous-duty operation

ADVANTAGES:

- **High power density:** Delivers substantial output in a compact footprint
- **Fuel efficiency:** Low specific fuel consumption reduces operating costs over time
- **Operational flexibility:** Suitable for both prime power and standby duty

Manufacturer	Mitsubishi
Model	S16RPTA
Year	2022
Condition	New
Location	Asia
Qty Available	2 Units
Category	Diesel Generators
Subcategory	1 – 9 MW
Stock Number	USP010820
Wattage	1.9 MW
Hours	Zero
Frequency	50 Hz
Fuel Type	Diesel
Voltage	380 Volts
Balance of Plant Available? (BOP)	-
