1 MW 2008 Used Jenbacher J320 GS C105 Natural Gas Generator Sets

1 MW 2008 Used Jenbacher J320 GS C105 Natural Gas Generator Sets

Description

These natural gas generator sets are proven, reliable units designed for continuous and base-load power applications. Built on a durable medium-speed engine platform, they deliver stable electrical output while maintaining high fuel efficiency and low emissions. Suitable for industrial facilities, utilities, and combined heat and power (CHP) projects, these sets provide dependable operation with long service intervals.

KEY FEATURES:

- Rated output: 1 MW
- Capable of integration with combined heat and power (CHP) systems
- Equipped with advanced control and monitoring systems

ADVANTAGES

- High electrical efficiency and reduced operating costs
- Lower emissions compared to conventional diesel units
- Suitable for industrial, utility, and cogeneration applications

Manufacturer	Jenbacher
Model	J320 GS C105
Year	2008
Condition	Used
Location	Asia
Qty Available	9 Units
Category	Natural Gas Generators
Subcategory	1 – 9 MW
Stock Number	USP010657
Wattage	1 MW
Hours	2 250; 2 250; 2 500; 2 500; 2 300; 9 500; 8 500; 9 500; 9 500
Frequency	50 Hz
Fuel Type	Natural Gas
Voltage	400 Volts
Balance of Plant Available? (BOP)	-
