Harnessing Energy for Life

4.5 MW 2016 Used Hyundai
9H32/40 HFO Generator Set

4.5 MW 2016 Used Hyundai 9H32/40 HFO Generator Set

Description

This heavy fuel oil (HFO) generator set configured for prime and continuous power applications. The unit is based on a medium-speed, large-bore, 9-cylinder in-line, four-stroke diesel engine in the 32/40 class, designed for sustained base-load operation on heavy fuel oil, with distillate fuel typically used for start-up and shutdown.

The design is suited for industrial, utility, marine, offshore, and remote power generation applications where fuel flexibility and long operating hours are required.

KEY FEATURES:

- Rated Output:** 4.5 MW
- Medium-speed, four-stroke, 9-cylinder in-line diesel engine (32/40 class)
- Suitable for continuous and prime power duty

ADVANTAGES

- Scalability:** Suitable for single-unit operation or multi-unit power plant configurations
- Industrial robustness:** Built for demanding operating environments and high load factors

Manufacturer	Hyundai
Model	9H32/40
Year	2016
Condition	Used
Location	Asia
Qty Available	3 Units
Category	HFO Generators
Subcategory	1 – 9 MW
Stock Number	USP010950
Wattage	4.5 MW
Hours	20000
Frequency	50 Hz
Fuel Type	Heavy Fuel Oil
Voltage	10500 Volts
Balance of Plant Available? (BOP)	-
