4.9 MW 2018 Used Solar Taurus 60 (7301S) Natural Gas Generator Set

4.9 MW 2018 Used Solar Taurus 60 (7301S) Natural Gas Generator Set

Description

This 4.9 MW natural gas turbine generator set offers a proven, industrial-grade power generation solution suitable for a wide range of applications including oil & gas, manufacturing, district energy, and utility peaking. Manufactured in 2018 and currently available for immediate acquisition, this unit presents an exceptional opportunity to deploy reliable, high-capacity power generation at a fraction of new equipment cost.

The turbine delivers 6,100 kWm of mechanical output and 4,900 kWe of electrical output, paired with a 6,300V alternator for direct industrial or grid-tied applications. With 20,038 equivalent operating hours (EOH) and 298 starts recorded, this machine has been operated responsibly and falls well within a serviceable operational lifecycle. The unit has been independently inspected and confirmed in excellent condition, with no immediate capital expenditure required prior to commissioning.

KEY FEATURES:

- 4,900 kWe / 6,100 kWm output — suitable for heavy industrial and utility applications
- Noise-attenuated silenced canopy — suitable for noise-sensitive site environments
- Natural gas fuel — lower emissions profile versus liquid fuel alternatives

ADVANTAGES

- Fast deployment potential — fully packaged and inspection-ready, reducing project lead times versus new equipment procurement which can exceed 24 months
- Cogeneration and CHP ready
- Flexible application suitability — appropriate for baseload, peaking, standby

4.9 MW 2018 Used Solar Taurus 60 (7301S) Natural Gas Generator Set

Manufacturer	Solar
Model	Taurus 60 (7301S)
Year	2018
Condition	Used
Location	Europe
Qty Available	1 Unit
Category	Natural Gas Turbines
Subcategory	1 – 9 MW
Stock Number	USP010735
Wattage	4.9 MW
Hours	21000 Hours
Frequency	50 Hz
Fuel Type	Natural Gas
Voltage	6300 Volts
Balance of Plant Available? (BOP)	-

Quick Access:

Products: USP&E | Owners Engineering, EPC and O&M Inventory by Category
Product Subcategories: Natural Gas Turbines - 1 - 9 MW for sale at USP&E | Owners Engineering, EPC and O&M
Solutions: Hybrid Power Plants | Hybridisation solutions | Hybrid Energy
Services: Power Plant Bankable Feasibility Studies
Sectors: Oil & Gas Power Plants and Generators
