2.5 MW Used Cummins QSK60- G19 NR2 Diesel Generator Set

2.5 MW Used Cummins QSK60-G19 NR2 Diesel Generator Set

Description

This used diesel generator set is powered by the Cummins QSK60-G19 NR2 engine, designed for reliable and continuous power generation in industrial and commercial applications. Built for heavy-duty operation, the unit offers high performance, fuel efficiency, and durability. It is ideal for standby, prime, or continuous duty applications, providing stable voltage and frequency output under varying loads.

KEY FEATURES:

- Rated output: 2.5 MW
- Digital control panel for monitoring, protection, and operation
- Skid-mounted or containerised installation options

ADVANTAGES

- High reliability for industrial and commercial power generation
- Excellent fuel efficiency and low operating costs
- Robust design for operation in harsh environments

Manufacturer	Cummins
Model	QSK60-G19 NR2
Year	
Condition	Used
Location	North America
Qty Available	1 Unit
Category	Diesel Generators
Subcategory	1 – 9 MW
Stock Number	USP010752
Wattage	2.5 MW
Hours	NA
Frequency	60 Hz
Fuel Type	Diesel
Voltage	480 Volts
Balance of Plant Available? (BOP)	-
