2 MW 2011 Used Cummins C2000 N5C Natural Gas Generator Set

2 MW 2011 Used Cummins C2000 N5C Natural Gas Generator Set

Description

This natural gas generator set provides reliable and efficient power generation for a range of industrial and commercial applications. Designed for both continuous and standby operation, it features Cummins' proven gas engine technology, ensuring stable performance, low emissions, and reduced operating costs. The unit delivers dependable power output with excellent fuel efficiency, making it suitable for facilities seeking a cost-effective and environmentally conscious energy solution.

KEY FEATURES:

- 2 MW rated output
- Optimized for natural gas operation with low emission levels
- High thermal efficiency and smooth performance under variable loads

ADVANTAGES

- Lower fuel and lifecycle costs compared to diesel units
- Ideal for base-load, standby, or CHP applications
- Environmentally friendly operation with low noise and emission output

Manufacturer	Cummins
Model	C2000
Year	2011
Condition	Used
Location	Asia
Qty Available	1 Unit
Category	Natural Gas Generators
Subcategory	1 – 9 MW
Stock Number	USP010508
Wattage	2 MW
Hours	22500
Frequency	60 Hz
Fuel Type	Natural Gas
Voltage	400 Volts
Balance of Plant Available? (BOP)	-
