9 MW 2017 New MAN 18V32/40 Dual Fuel (HFO; Diesel) Generator Sets

9 MW 2017 New MAN 18V32/40 Dual Fuel (HFO; Diesel) Generator Sets

Description

These generator sets are new, unused, and professionally stored medium-speed power generation units manufactured in 2017. Each unit delivers approximately 9 MW of electrical output and is configured for dual-fuel operation on heavy fuel oil (HFO) or diesel. Designed for continuous industrial or utility-scale power production, the sets are supplied with zero operating hours and include a manufacturer warranty, offering a reliable solution for baseload or backup applications. Optional conversion to natural gas operation is also available.

KEY FEATURES:

- **High electrical rating** of 9 MW
- **750 rpm operating speed** for stable, efficient generation
- **Medium-speed 18V32/40 engine platform** engineered for heavy-duty performance

ADVANTAGES

- **Fuel flexibility** allowing operation on low-cost heavy fuel oil or standard diesel
- **Zero-hour condition** reduces commissioning risk and accelerates deployment
- Compatible with baseload, peak-shaving, or standby applications

Manufacturer	MAN
Model	18V32/40
Year	2017
Condition	New (Unused)
Location	Europe
Qty Available	20 Units
Category	HFO Generators
Subcategory	1 – 9 MW
Stock Number	USP010932
Wattage	9 MW
Hours	Zero
Frequency	50/60 Hz
Fuel Type	HFO; Diesel
Voltage	11000 Volts
Balance of Plant Available? (BOP)	-
