1 MW 2022 Used Caterpillar XQ1140 Diesel Generator Set

1 MW 2022 Used Caterpillar XQ1140 Diesel Generator Set

Description

This generator set, manufactured in 2022, delivers an electrical output of approximately 1 MW. It is designed for reliable standby or continuous-duty applications across industrial, commercial, and utility sectors. The unit features a high-performance, turbocharged diesel engine coupled with a robust alternator and advanced electronic control system for stable power delivery. Housed within a sound-attenuated container, it offers excellent portability, weather protection, and low operating noise, making it suitable for both fixed installations and mobile power needs.

KEY FEATURES:

- Output capacity of 1 MW
- Weatherproof, sound-attenuated container enclosure
- Skid-mounted assembly with built-in fuel and cooling systems

ADVANTAGES

- High reliability for continuous or backup power generation
- Compact, transportable design for flexible deployment
- Quiet and efficient operation with reduced emissions

Manufacturer	Caterpillar
Model	XQ1140
Year	2022
Condition	Used
Location	North America
Qty Available	1 Unit
Category	Diesel Generators
Subcategory	1 – 9 MW
Stock Number	USP010905
Wattage	1 MM
Hours	2300 Hours
Frequency	60 Hz
Fuel Type	Diesel
Voltage	208/480 Volts
Balance of Plant Available? (BOP)	-
