1.9 MW 2007 New Caterpillar G3520C Natural Gas Generator Set

1.9 MW 2007 New Caterpillar G3520C Natural Gas Generator Set

Description

This natural gas generator set, manufactured in 2007, is a new and unused high-efficiency power generation unit designed for continuous or combined heat and power (CHP) applications. The set is powered by the reliable G3520C lean-burn gas engine, offering excellent fuel economy, low emissions, and high operating efficiency. It is supplied as a complete package including a radiator cooling system, control panel, and base frame, ready for integration into industrial, commercial, or utility operations.

KEY FEATURES:

- Rated output: 1.9 MW (1900 kW) continuous power capacity
- Low-emission, high-efficiency lean-burn design meeting environmental standards
- Delivered as a new, unused complete generator package

ADVANTAGES

- Low NOx and CO₂ emissions for cleaner power generation
- Seamless integration for base load, standby, or CHP applications
- Ideal for industrial facilities, utilities, and distributed power projects

Manufacturer	Caterpillar
Model	G3520C
Year	2007
Condition	New (Unused)
Location	Asia
Qty Available	3 Units
Category	Natural Gas Generators
Subcategory	1 – 9 MW
Stock Number	USP010894
Wattage	1.9 MW
Hours	Zero
Frequency	50 Hz
Fuel Type	Natural Gas
Voltage	11000 Volts
Balance of Plant Available? (BOP)
