1.2 MW 2009 Used MWM TCG 2016V12C Natural Gas Generator Set

1.2 MW 2009 Used MWM TCG 2016V12C Natural Gas Generator Set

Description

This generator set, manufactured in 2019, is a reliable and efficient natural gas unit suitable for continuous or prime power applications. It features MWM’s proven V12 configuration designed for 50 Hz operation, providing stable electrical performance with low fuel and lubricant consumption. The generator offers high operating efficiency, reduced emissions, and smooth load response, making it ideal for industrial facilities, utilities, and decentralized power plants. The unit’s robust engineering ensures long-term durability and consistent output, even under demanding operating conditions.

KEY FEATURES:

- Rated output: 1,200 kW
- Operates on natural gas with low NO_x emission levels
- Designed for extended service intervals and low maintenance cost

ADVANTAGES

- Excellent fuel efficiency for reduced operating cost
- Excellent fuel efficiency for reduced operating cost
- Robust construction ensuring dependable performance under varying load conditions

Manufacturer	MWM
Model	TCG 2016V12C
Year	2009
Condition	Used
Location	Asia
Qty Available	2 Units
Category	Natural Gas Generators
Subcategory	1 – 9 MW
Stock Number	USP010869
Wattage	1.2 MW
Hours	34600; 14400
Frequency	50 Hz
Fuel Type	Natural Gas
Voltage	400 Volts
Balance of Plant Available? (BOP)	-
