

GBC MAGNAPUNCH HEAVY DUTY

GBC MagnaPunch: Maximum Productivity

7703150

Overview

With its half-second punch cycle and continuous-duty motor, the MagnaPunch is ideal for high volume, high-speed punching - up to 40,000 sheets per hour. A variety of interchangeable die sets are available so you can support all your punch patterns without tools, locks or levers.

Description

TIP: To maximise space why not combine the MagnaPunch with modular closers such as the PB2600 or TL2900 which conveniently sit on top of the MagnaPunch freeing up valuable space.

Features

- Features a half second punch cycle so you can punch up to 40,000 sheets per hour.
- Open punch throat for punching odd sized items
- Productivity: The MagnaPunch can punch up to 40 sheets at a time or up to 40,000 sheets/hour. (depending on punch pattern)
- Sheet size: CombBind and VeloBind up to 38cm SureBind: up to 35cm All other patterns A4.
- Up to 17 different punch die patterns are available.
- Adjustable paper alignment guide
- All die sets are self lubricating and can be changed in just seconds without tools or levers, automatically securing into position.
- Dual Punching Controls: Hands-free foot pedal or automatic micro switch allows you to choose your preferred punching method
- Extra large clippings tray to eliminate the need for frequent emptying.
