

# SC3-ALTB SERIES

## UNDERWATER PONTOON LIGHT

### DESCRIPTION

The Shadow-Caster™ SC3 Pontoon Light is designed for pontoon boat bracket mounting. The SC3-Pontoon light with its small 3" diameter and single bolt installation make it the ideal light to compliment your aluminum hull pontoon boat. The glass window and aluminum design combined with Shadow-Caster™ Lighting's made in America design make this the ideal choice. These lights are available in an RGB version as well as single color white or single color blue.

### FEATURES

- Proprietary clear gel-filled design, injected through entire unit – eliminates condensation and/or water intrusion under stress
- Tough, scratch resistant, tempered glass lens with hard anodized aluminum housing – impervious to acetone, solvents and demanding marine environments
- Transient surge and reverse polarity protection – dramatically prolongs unit life
- RGB™ version compatible with most standard RGB controllers
- Integrated thermal protection for safe operation out of water

### ADD A SHADOW-NET™ RGB CONTROLLER

Dramatic, full-feature control through your Multifunction Display (MFD) by adding the Light Commander Shadow-NET™ control module (SCM-LC-PLUS) & app

### Shadow-NET™ Modes

- Unlimited shades of color and fading
  - Dimming • Strobe rate • Music sync
  - Multiple zones • And much more...
- Dramatically enhanced lighting capabilities through your existing MFD

### SPECIFICATIONS

- Up to 3,000 lumens
- 120 degree beam angle
- 3 amps max current draw for RGB version
- 1.5 amps continuous current draw for single color version
- 12 volt input
- 3" (76.2mm)
- IP68 fully submersible waterproof design

### INCLUDES

- Lighting unit
- 3' (1m) submersible grade cable
- 0.75-16 Mounting nut, washer and rubber gasket
- 3 year standard warranty
