The Edwards Truecut DD 2540 x 3.5mm Guillotine is a powerful and precise cutting tool designed for industrial use. With its 2540mm cutting length and 3.5mm cutting capacity, it is capable of handling a wide range of materials, including sheet metal, aluminum, and plastics. The guillotine is equipped with a direct drive system that provides consistent cutting force and ensures clean, accurate cuts every time. The machine also features a hand back gauge, which allows for precise positioning of the material to be cut, further enhancing its accuracy and efficiency. Overall, the Edwards Truecut DD 2540 x 3.5mm Guillotine is a reliable and versatile tool that is essential for any metalworking or fabrication operation.
