Digital Readout

The Colchester Triumph 2000 Gap Bed Lathe is a machine tool used for turning and shaping metal. It was manufactured by Colchester Lathe Company Ltd., which was founded in 1897 in Colchester, England.

The Triumph 2000 is a versatile lathe with a gap bed, which means that the bed can be removed to allow for larger diameter workpieces to be turned. It has a center height of 6.5 inches and a distance between centers of 40 inches. The lathe is powered by a 7.5 horsepower motor and has 16 spindle speeds ranging from 20 to 2000 rpm.

Moudaire, Church Lane, Brentwood, Essex, CM15 0JB
