NOTES

Auctioneer is Final Authority:

Sale is final when the Auctioneer calls "sold" at the fall of the gavel. In the event two or more parties claim the same bid at the fall of the gavel, the Auctioneer may re-open the bidding between the parties until a higher bidder is established. The Auctioneer may reject any bids considered a fractional advance or otherwise impeding the efficient flow of the sale. The Auctioneer's decision is final regarding the successful bidder and final sales price.

Inspection Warranty:

Buyer warrants and represents that Buyer has had the full opportunity to inspect and evaluate, to Buyer's satisfaction, any and all lots upon which Buyer places a bid. Buyer releases PI and Seller for any variance in the Auction Sale Catalog description of a lot.

NOTE TO BUYERS: By making a bid, you are representing you have inspected the lot to your satisfaction and know what you are bidding on. It is too late after the sale to raise any questions or concerns of the item — you are the new owner!

No Warranty or Guarantee: ALL ITEMS ARE SOLD "AS IS, WHERE IS," WITHOUT WARRANTY OR GUARANTY OF ANY KIND WHATSOEVER, WHETHER EXPRESSED OR IMPLIED, BY LAW, COURSE OF DEALING, COURSE OF PERFORMANCE, USAGE, OR TRADE, AS TO MERCHANTABILITY, FITNESS FOR ANY PARTICULAR PURPOSE, INFRINGEMENT OF INTELLECTUAL PROPERTY RIGHTS OF A THIRD PARTY OR OTHERWISE, AND WITH ALL FAULTS. BUYER AGREES BUYER IS PURCHASING THE LOTS "AS IS, WHERE IS" WITH ALL FAULTS BUT WITH NO WARRANTIES OR QUALIFICATIONS.

Lot Description Limitations:

PI makes reasonable efforts to describe accurately lots based on information it deems reliable. Lot numbers included in the Auction Sale Catalog and digital slide presentation are cross-checked prior to the auction. There are no warranties or guarantees as to year, make, model, serial number, condition, rated capacities, or other operating characteristics that may be listed in the Auction Sale Catalog or shown in the digital slide presentation. Announcements made the day of the auction supersede any printed or prior advertisement.

Titles and Bills of Sale:

Titles and Bills of Sale, along with other pertinent documents, will be mailed to Buyer by PI as soon as possible after the date of the auction with allowance for verification of funds and receipt of all documents from Seller.

Title Defects:

Buyer agrees PI is not responsible for loss of or defects in title documents. Any loss or defect must be reconciled through Seller or the appropriate State or local authority.

Load Out/Transportation:

Buyer is responsible for arranging and paying for all aspects of arranging load out and transportation of purchases from the Auction Site. Neither PI nor Seller have any agency relationship with Buyer and have no responsibility to Buyer for load out or transportation services. Neither PI nor Seller are to be considered the Shipper, Forwarder, Consignor, or Consignee on any shipping or export documents. All lots must be removed from the Auction Site during the posted Checkout Period as listed in the Auction Site Directions and Checkout Info section of each particular Auction Sale Catalog. *The charge for late removal is \$25 per lot per day.*

Entire Agreement:

The catalog terms and conditions shall be governed by, construed, enforced, and interpreted by the laws of the State of Texas.

Checkout Procedures: :

Buyer shall present the "Acknowledgement of Purchase" form signed by Buyer. At the time of payment for purchases, Buyer will receive an invoice and supporting documents covering the purchases. Note: PI may place a "hold" on any items pending verification of receipt of good funds. Buyer must present a Picking Ticket to the Checkout Supervisor at each yard where the purchase items are collected. Buyer or Buyer's loading and transportation services provider may be required to provide appropriate certificate of insurance prior to entering certain yards. Check document package before dispatching trucks. All items must be inspected, counted, and approved for removal by the Checkout Supervisor. All counts, including pipe or multi-unit lots, must be verified by Buyer's representative and the Checkout Supervisor at the time of checkout. Partial removal of any lot or lots will be documented on the Picking Ticket.
