To Whom it may concern

06.01.2022.

1-12/1.

With this letter we would like to express recognition to "Aquila Harbor Crane" with whom we are cooperating since year 2011. During the time our cooperation has developed from purchase of new clamshell grabs for material handling excavators and harbor mobile cranes ending up with good quality used equipment. We can suggest this company as reliable partner, looking forward for new projects.

Technical manager

Andis Cirvelis
