

TOMORROW'S PRODUCTION TODAY

## FRAC CANNON™ † MISSILE SYSTEM

**SIMPLE**  
**CUSTOM**  
**RELIABLE**

## QHSE & EFFICIENCY BENEFITS

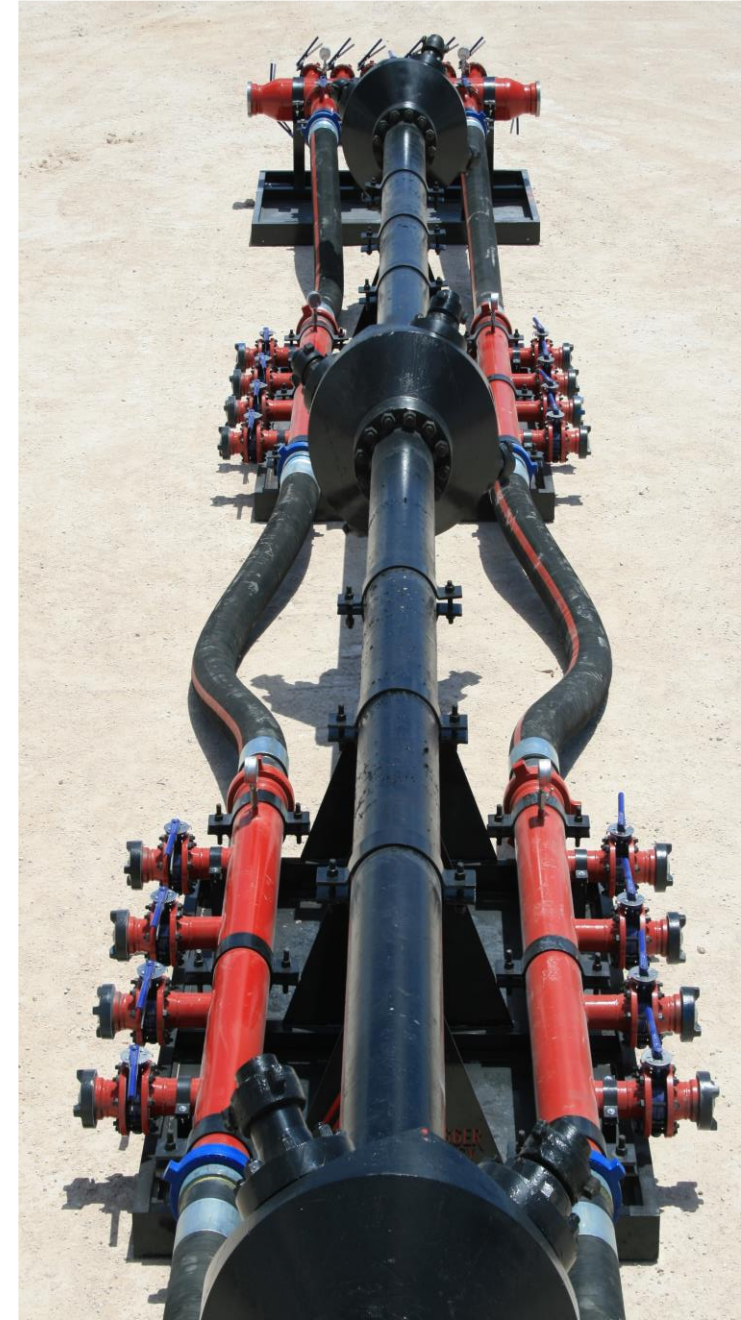

- Ten missiles deployed
- #1 simul-frac missile by configuration
- Fast rig-ups increase monthly pump hours
- No erosion with over 2.5 billion pounds of sand pumped\*
- Rig-up and pressure test in ~4 hours
- Nearly zero high-pressure maintenance recorded
- Goathead entry reduces erosion and damaging vibrations
- Fewer connections, fewer leak paths
- Custom design available for rig-up efficiency

\*Single in-service missile has pumped over 2.5 billions lbs of sand

## FRAC CANON™ BLENDER MANIFOLD

## TRIGGER FRAC CANNON™
