

Baking Solutions serving your needs since 1904

Magna Mixer Co.

Handy Cookie Depositor

The Handy cookie depositor is designed to produce dozens of wire-cut uniform cookies accurately and efficiently.

Production

Generates up to 1750 dozen wire-cut uniform cookies per hour, depending upon choice of die and machine.

Variable Speed Cut Off

Has 30 to 70 strokes per minute and a separate pan speed control to space the product as desired.

Sanitary & Economical

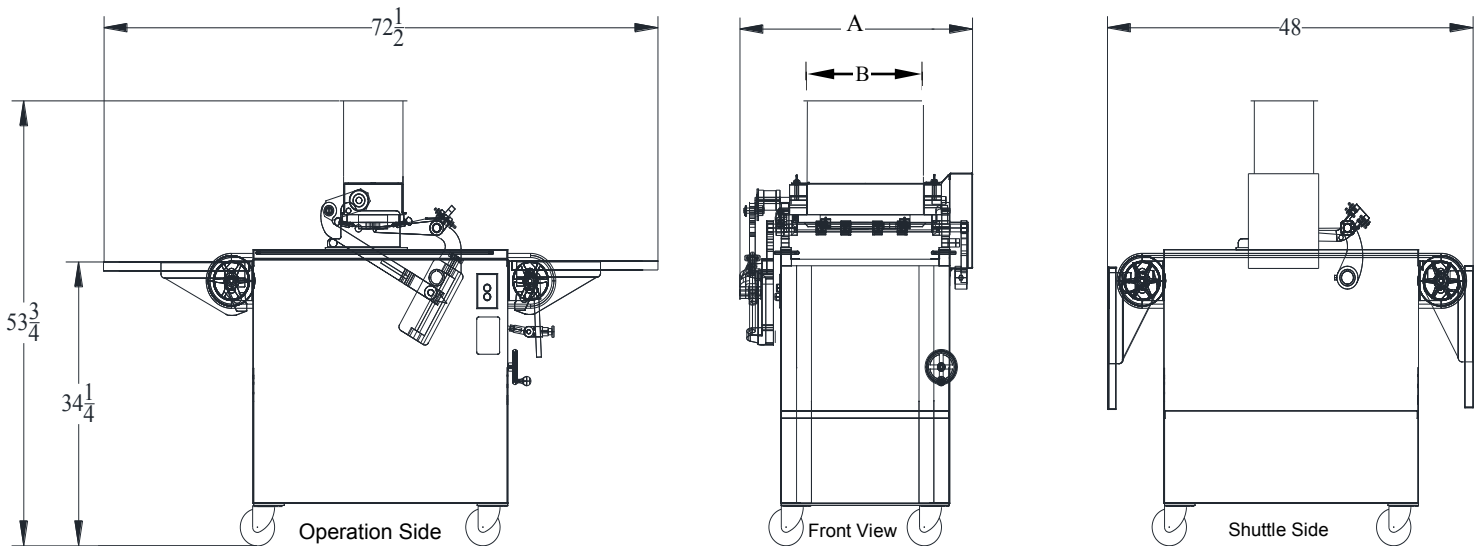

Easy to dismantle and reassemble stainless steel dough hopper, and stainless steel hinged fold down tables makes storage easy.

Over 400 Dies to choose from; including, different shapes and sizes for every holiday, season, or occasion.

Magna Mixer Co.

MACHINE SIZE	ELECTRICAL REQUIREMENTS	A	B	Shipping Weight
