

**WIRE-CUT
EDM SYSTEMS**

FA-S Advance Series

**MACHINING
CHARACTERISTICS
DATA BOOK**

BQN-W-70538C

(Version 3.0)

Contents

1. Configuration of Machining Conditions Table.....	A-1
1-1 Configuration of Machining Conditions Table.....	A-1
1-2 Machining Conditions.....	A-1
2. How to Read the Machining Characteristics Data Table.....	A-2
2-1 How to Read the Machining Characteristics Data Table (Machining Condition Digest)	A-2
2-2 How to Read the Machining Characteristics Data Table (Machining Conditions Table)	A-3
2-3 Names of Machining Conditions Setting Notches	A-4
2-4 Notch Settings	A-5
2-5 Setting the Nozzle and Dielectric Fluid Flow Rate	A-7
3. Adaptive Control.....	A-8
3-1 Machining with PM Control.....	A-8
3-2 Machining with CM control	A-12
3-3 Machining with EM Control.....	A-15
3-4 Machining with OM control	A-16
4. Optimizing Machining Conditions	A-17
4-1 1st Cut Machining Section	A-17
4-2 Finish Machining Section	A-18
4-3 Nozzle Separated Machining Section.....	A-19
4-4 Correcting the Upper/lower Dimension Difference.....	A-20
5. Machining Characteristics Data
