

Document Presentation Solutions

TL2900

Electric WireBind finisher

Wire binding is faster and easier with this smart electric finisher. A dual load-and-crimp station eliminates the extra step of moving documents for loading. Just hang the spine, load the paper and close with the touch of a button. LEDs guide production by showing status at a glance.

Added features

- LED guide indicators
- Spine-size settings for faster operation
- Adjustment knob for fine-tuning spine closure
- Wire holder for easy spine loading
- Angled surface for easy loading and paper alignment
- Binds documents up to 3:1 pitch - 6 - 14mm,
2:1 pitch - 16 - 32mm
