HEWITT

PARTS & ACCESSORIES

SUPERIOR CRAFTSMANSHIP
SINCE 1971

Hewitt Accessories — tailor-made appearance and performance.

Hewitt Manufacturing produces many different types of docks and lifts to satisfy individual needs, but that's only the beginning. Hewitt accessories offer even greater flexibility with a wide range of equipment designed to simplify installation, automate operation, improve accessibility, enhance appearance, add functionality and provide extra protection for you and your watercraft. While the products shown in this catalog are specifically selected and made to complement Hewitt Lifts and Docks, many may be used in combination with other brands. Either way, you can be assured that when you choose Hewitt accessories, you are getting the same high-quality materials and workmanship that make Hewitt Lifts and Docks the most durable designs in the industry.

High strength and corrosion resistant. Hewitt parts and accessories are built to last.

HEWITT

Adjustable Bumpers

It is recommended that the rub rail of your boat comes in contact with the bumper rather than the bumper to come in contact with the sides of your boat as this can result in serious damage to the sides of your boat.

Bumper Colors

Indicates this product is shippable via UPS from your local dealer or visit us online at www.hewitrad.com.

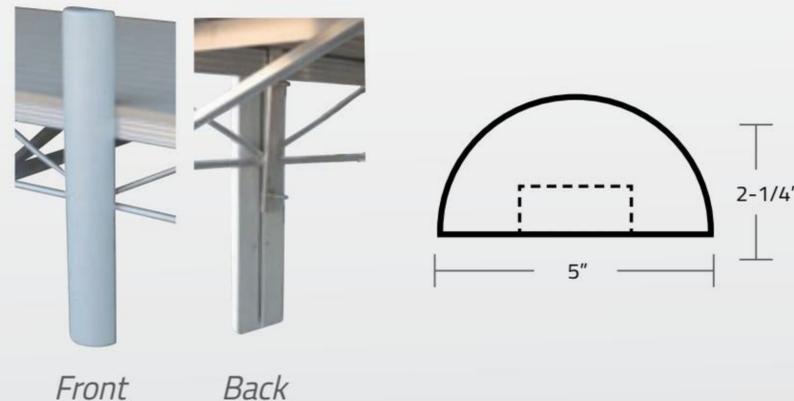

These bumpers are specially designed to work with modern truss-style docking. The bumpers have an aluminum extrusion inside the bumper with a rail exposed on the back side. The rail holds the bolt heads that can slide up or down the bumper to adjust the height before the hardware is tightened. Marine-grade PVC, Aluminum core.

Installation: Simply place the bumper in the desired location and attach the back plate and nuts.

Decking

■ Indicates this product is shippable via UPS from your local dealer or visit us online at www.hewittrad.com.

Decking Options

Hewitt offers several different decking options. Each style is unique. Let us help you decide what best fits your needs. Hewitt can customize your dock with any of these listed materials. If you have any questions, please contact your local dealer.

Cedar. A traditional favorite. Solid, durable wood that is naturally weather resistant. Cedar boards come in 5/4" radius smooth planks.

Skidguard. A waffle-weave textured panel with a heavy-duty phenolic overlay. Skidguard provides a continuous, no-gap surface that is highly resistant to peeling or chipping.*

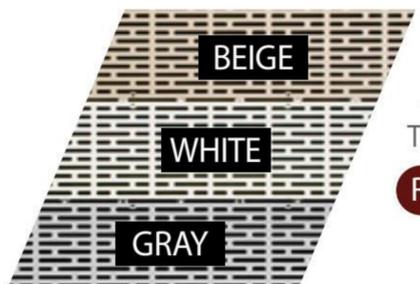

R F *not available on 6' wide docks.

QT Powder Coated All-Aluminum. Extruded aluminum decking that offers superior strength, low weight and corrosion resistance. Incorporates sound deadening material and a baked-on beige, white, or woodgrain finish for a durable nonskid surface. Custom colors available.

*Woodgrain available for Ultra Dock and Residential Gangways only.

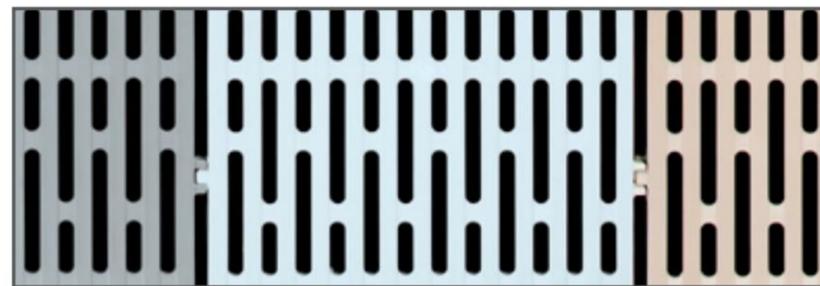

ThruFlow™. Reinforced polypropylene finished decking system, designed for easy assembly that requires no maintenance. Its strong, durable, lightweight design makes for a perfect finish on our docks. ThruFlow™ allows water and debris to fall through your dock surface.

The complete flooring system for docks, decks, marinas, gangways and walkways. Easy to assemble, maintenance-free and long-lasting.

ThruFlow™ is designed and engineered to be the finished decking surface for docks, decks, walkways and virtually any indoor or outdoor structure. ThruFlow™ panels are the ideal choice for: Docks and piers, decks and patios, marinas, walkways, gangways and ramps, any area prone to storm effects, or environmental sensitivity.

Safety First

Proprietary molded-in 360 degree non-slip surface makes ThruFlow™ safe for children and always comfortable on the feet. ThruFlow™ also has complete fresh and saltwater tolerance.

Environmentally Friendly

A grated design allows for maximum light penetration; protecting sensitive sea grasses and marine life. Total open area amounts to 43%.

Maintenance-free

As a non-microbial product, ThruFlow™ does not allow for any leaching, rot, mildew or insect growth. There is absolutely no treatment required.

Durable

Not only does ThruFlow™ have unparalleled strength, but its open design minimizes the lifting effects that waves and storm surge have on your dock. Survive the storm with ThruFlow™.

ThruFlow™ Self-Tapping Screws

High-quality screws fasten with a large .455" head. Ideal for aluminum frames.

Ultra Dock

Aluminum Kayak/Canoe Rack

Solid 1-1/2"x1-1/2" aluminum rack stores kayak/canoe with ease. Includes paddle shelf and four loop tension cords.

One Pair **part# D1KR** **R C F U**

BRACKET FITS 1-1/4" TUBE TENSION CORD

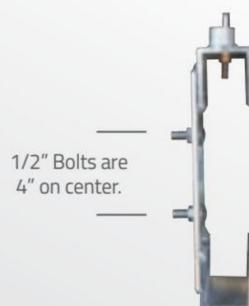

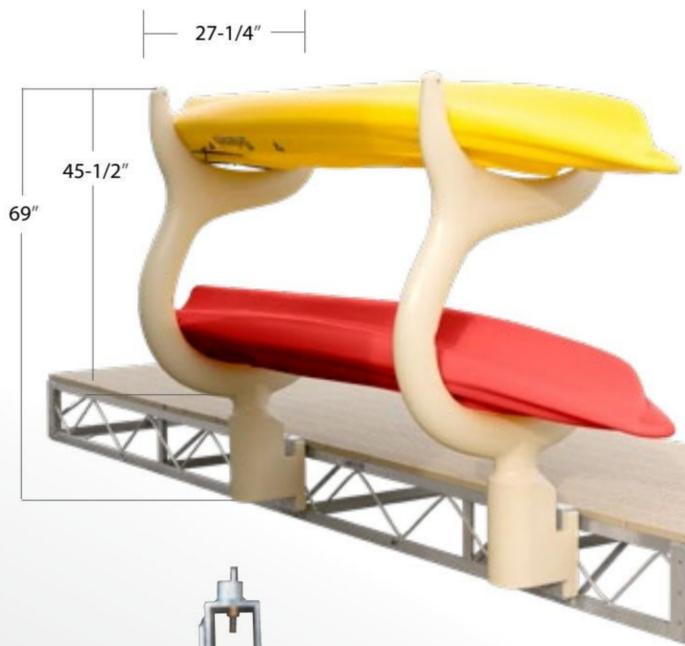

Plastic Kayak Rack

A sturdy and stylish kayak rack is a great solution for waterfront storage. Features mold-ed-in kayak hook receivers to secure kayak to rack. Attaches to Wave Armor Dock or special brackets available for mounting to truss or wood docks.

For Wave Dock **part# DF300107** (pair) **W**

Kayak Rack & Brackets for Truss and Wood Docks **part# DF300107K** **R F**

Bracket only for Truss and Wood Docks (1) **part# DF300107B** **R F**

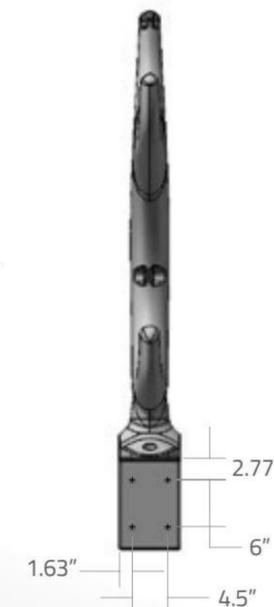

1/2" Bolts are 4" on center.

BRACKET

Universal Kayak Rack

Universal Kayak Rack **part# DF300109**

Kayak Launch Loops

Heavy-duty aluminum frame loops to assist with getting in and out of kayaks and canoes. Six adjustable settings.

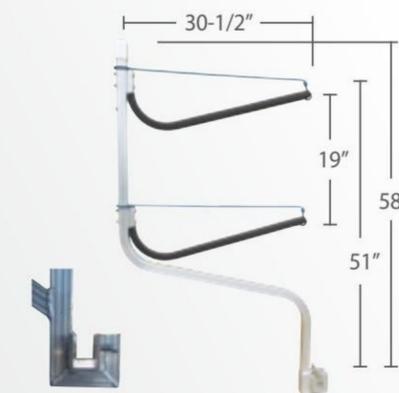

- R F** **part# D1KLT**
- W** **part# D1KLW** Optional 7' Guide Bunk **part# NABPBP**
- C** **part# D1KLC**
- U** **part# D1KLT** (Must also purchase 2-D1BUVDU1 and DUAPR1)

Paddle Board Rack **R C F U**

1-1/2" x 1-1/2" aluminum frame with 1" x 1" support arms. Arms have heavy-duty rubber sleeve for extra protection.

part# D1PAT

Bracket Fits 1-1/4" Tube

Dock Gates and Mat Rack

 Indicates this product is shippable via UPS from your local dealer or visit us online at www.hewittrad.com.

All-aluminum gate can be mounted to end of dock, gangways or ramps. Special widths available. Includes latch and key.

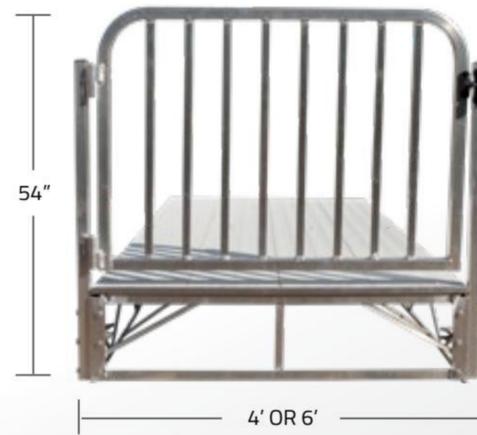

Security Gate R F

- 4' Security Gate part# DGATES4
- 6' Security Gate part# DGATES6

Access Gate R F

- 4' Access Gate part# DGATEA4
- 6' Access Gate part# DGATEA6

Mat Rack R C F

1-1/2" x 1-1/2" aluminum rack stores your water mat. Includes tension cords and fits dockside tubes up to 1-1/4"

part# D1MAT

Float Tanks and Otter Accessories

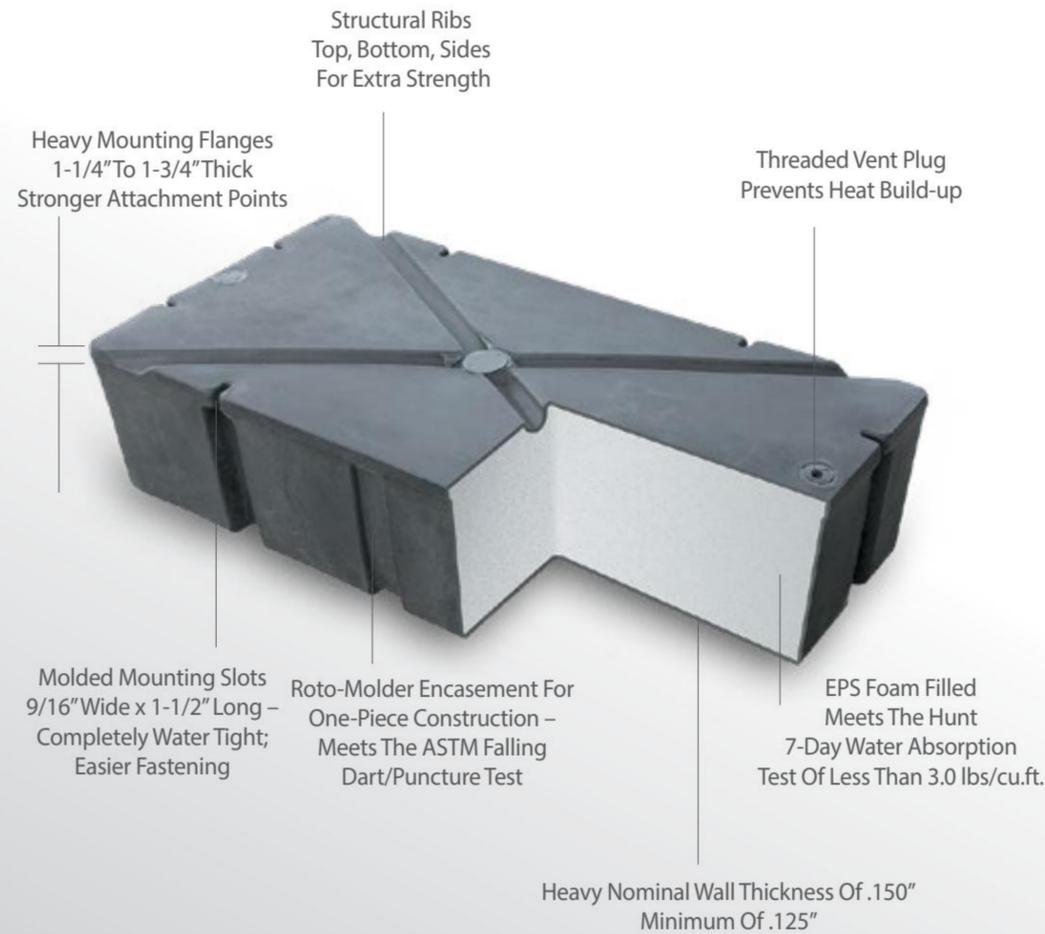

Float Tanks **F**

Used to construct a floating dock or raft. Also useful for adding sections to an existing dock. Over 40 different sizes available.

"The most important component of your floating dock is the flotation that keeps the dock floating."

What you can't see is vital to the performance of our floating docks! Unarguably the most sought after floats (based on sales volume) in the marina market are from Premier, because they meet ALL of the important design, engineering, manufacturing, shipping, storage and installation standards that give you the best performance and value.

One piece molded rotational drum: Foam filled, molded in mounting slots, heavy-duty mounting flanges, air relief vent, 8 year limited warranty (non-prorated).

Float Tank Brackets **R**

Brackets for connecting float tanks to a Roll-A-Dock frame. Includes hardware. Part number includes one pair for one float.

4' Wide
6' Wide

Otter ATV Trailers

 Indicates this product is shippable via UPS from your local dealer or visit us online at www.hewitrad.com.

- Haul up to 15 Cubic Feet and 1500 Pounds
- 10 Year Warranty on Trailer Bed and 1 Year Warranty on Trailer Components

Xpress 15 Trailer

- High Clearance Frame with 3/4D Solid Steel Axle
- Steel Wheels w/ Integrated Greaseable Roller Bearings
- Industry Strongest Roto-Molded Trailer Body
- Molded-In Power-Rail Frame
- Reinforced Outer Lip For Remarkable Wall Strength
- Tilt-N-Swivel Side & Rear Dumping w/ Tipper Latch
- Standard Pin Style Hitch Attachment

Dimensions: 65L x 36W x 14D Load Capacity: 1500 lbs
Tires: 18 x 7 x 8 Floatation Turf Tires Cubic Ft. of Space: 15 ft

part# DFA201234

Super Xpress 20 Trailer

4-bolt hub assembly with greaseable tapered roller bearings.

Dimensions: 65L x 46W x 14D
Load Capacity: 1500 lbs
Cubic Ft. of Space: 20 ft
Tires: 18 x 9.5 x 8 Floatation Turf Tires

part# DFA201244

Xpress 20 Trailer

- High Clearance Frame with 3/4D Solid Steel Axle
- Steel Wheels w/ Integrated Greaseable Roller Bearings
- Standard Pin Style Hitch Attachment
- Optional 2D Ball Coupler Attachment
- Tows Smoothly Behind any ATV / UTV
- Molded-In Power-Rail Frame
- Reinforced Outer Lip For Remarkable Wall Strength
- Tilt-N-Swivel Side & Rear Dumping w/ Tipper Latch

Dimensions: 65L x 46W x 14D Load Capacity: 1500 lbs
Tires: 18 x 8.5 x 8 Floatation Turf Tires Cubic Ft. of Space: 20 ft

part# DFA201239

Travel Cover

Protect your gear and your load with a Rhino Xpress 20 Trailer Cover. The heavyweight fabric is extremely durable and water-resistant, with a sewn-in shock cord into the hem to seal out the elements. Designed to fit Xpress 20 Off-Road Trailer.

part# DFA200847

Bucket Holder

Constructed of 100% thick, and rugged Roto-Molded Polyethylene. Simply attach this Accessory to your Rhino Rear ATV Box for the simplest way to carry 5 gallon buckets with you during transport. With no tools necessary for installation, you simply need to slide this tank onto the built-in accessory attachment points.

part# DFA200829

Auger Shield

Revolutionary Auger Shield is a full-length ice auger boot that completely encases the auger blade. Constructed of 100% thick and rugged Roto-Molded polyethylene plastic, it protects your expensive gear from being damaged by the sharp, metal edge of your auger blade while protecting the blade itself. A built-in carrying handle makes for easy transport and allows you to conveniently store your shield by hanging it on the wall. Designed for standard length augers. Our Auger Shield fits a 10" auger drill.

part# DFA200553

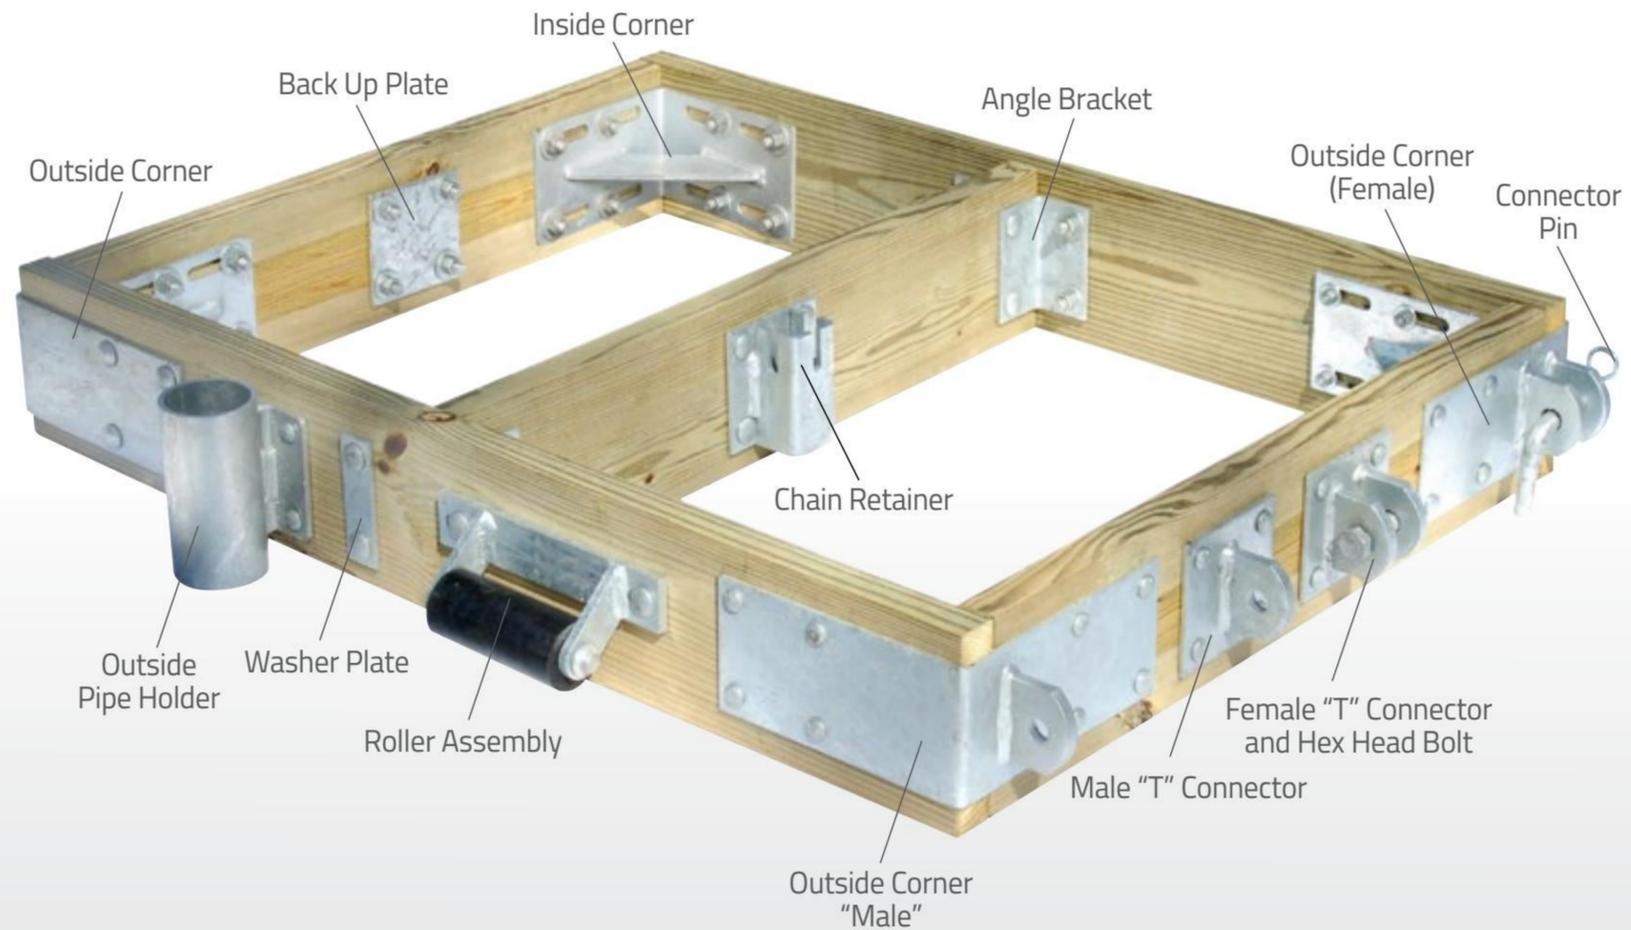

Galvanized Dock Hardware

Dock Hardware

Commercial-grade (1/4") dock hardware is designed for use with 1-1/2" thick lumber (minimum width 6"). All hardware is mounted with 3/8" carriage bolts. All male and female dock to dock connections are made with either 3/4" bolts with lock nuts or 3/4" connecting pins.

Wood Dock Plan Kit will show you the basics on building a lightweight and long-lasting floating dock system.

Galvanized Dock Hardware

 Indicates this product is shippable via UPS from your local dealer or visit us online at www.hewitrad.com.

Lag Bolt Set

Attach flotation drums to dock system.

-  **part# NB382L**
 -  **part# NB383L**
 -  **part# NB385L**
 -  **part# NW38FL**
- 3/8" x 2" galvanized lag bolt
 3/8" x 3" galvanized lag bolt
 3/8" x 5" galvanized lag bolt
 3/8" SS flat washer

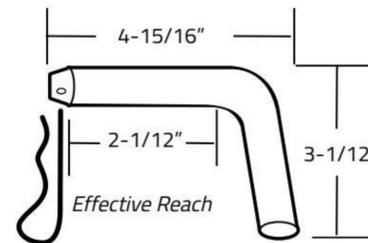

Connector Pin Set "O"

For quick disconnect. Used to connect male and female T connectors.

-  **part# DH26531**
- 3/4" Connector Pin & Hitch Clip Pin

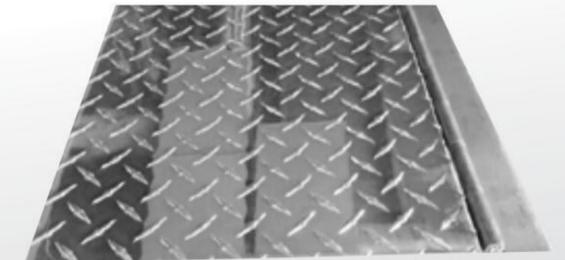

Volume Pack 48 pcs

Aluminum Transition Plate

Create a smooth transition between dock sections or seawall.

Carriage Bolt Set

Includes bolt, flat washer and nut.

-  **part# NB38212C**
 -  **part# NW38FL**
 -  **part# NN38S**
- 3/8" x 2-1/2" SS Carriage Bolt
 3/8" SS Flat Washer
 3/8" Brass Nut

-  **part# NB123C**
 -  **part# NW12FL**
 -  **part# NN12S**
- 1/2" x 3" "M" SS Carriage Bolt
 1/2" SS Flat Washer
 1/2" Coated Nut

-  **part# NB34312G**
 -  **part# NW34FL**
 -  **part# NN34L**
- 3/4" x 3-1/2" "N" SS Hex Bolt
 3/4" SS Flat Washer
 3/4" Coated Nut

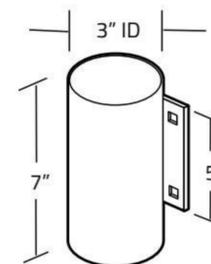

Pipe Holder/ 3" Outside "K"

Bolts to outside of dock. Use 2" pipe to hold dock in place.

-  **part# DH26411**
- Pipe Holder

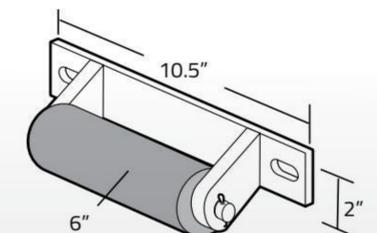

Volume Pack 24 pcs

Heavy-Duty Roller Assembly "T"

Assist vertical motion of the dock in tidal action areas. 6" roller, 3/8" bracket.

-  **part# DH26414**
 -  **part# DH48939**
- HD Roller Assembly "T"
 Replacement Roller Only

Heavy-Duty Aluminum Transition Plate

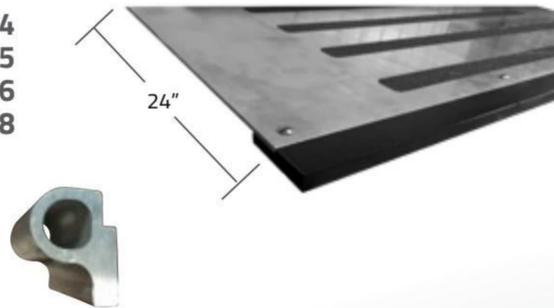

With replaceable wear guard.

- 4'  part# D1TPHD4
- 5'  part# D1TPHD5
- 6'  part# D1TPHD6
- 8'  part# D1TPHD8

Weld hinge to your ramp/gangway, dock or seawall.

 part # ADD-00114

1/2" x 5" SS Hex Bolt part # NB125G
1/2" Coated Hex Lock Nut part # NN12L
(Three are used on each plate.)

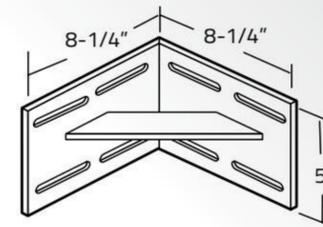

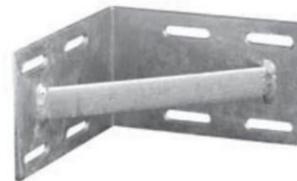

Inside Corner "D"

Heavy-duty inside corner should be used with an outside corner.

Inside Corner "D"
 part# DH26403

Volume Pack 32 pcs

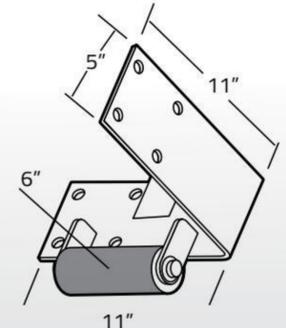

Inside Rolling Ramp Bracket

Includes left and right ramp brackets.
5"x11" x 1/4"

Inside Rolling Ramp Bracket
 part# DH26431

Replacement Roller Only
 part# DH48939

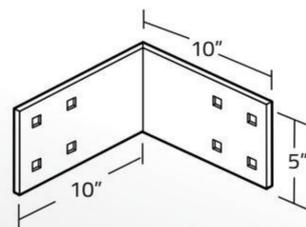

Outside Corner End "C"

Use at ends of fingers and docks. Ideal for swim floats.

Each Leg Is 10"L x 5"H.

Outside Corner End "C"  part# DH26402

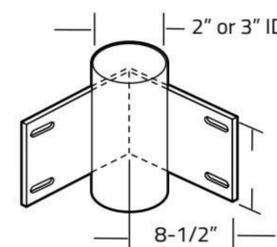

Inside Corner/ 3" Pipe holder "E"

Use with one of the outside corners and as an internal pipe holder for dock frame strength.

8-1/2"L x 5"H.

3" Pipe Holder "E"  part# DH26404

Volume Pack 16 pcs

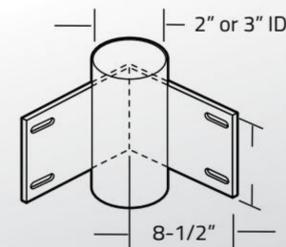

Inside Corner/ 2" Pipe holder "E"

Use with one of the outside corners and as an internal pipe holder for dock frame strength.

8-1/2"L x 5"H.

2" Pipe Holder "E"  part# DH26405

Volume Pack 16 pcs

Galvanized Dock Hardware

 Indicates this product is shippable via UPS from your local dealer or visit us online at www.hewitrad.com.

Chain Retainer "J"

Use weights and chains to hold dock in place. Accommodates 1/4", 3/8", & 1/2" Chain. 5"L x 5"H.

Chain Retainer "J"
 **part# DH26410**

Volume Pack 24 pcs

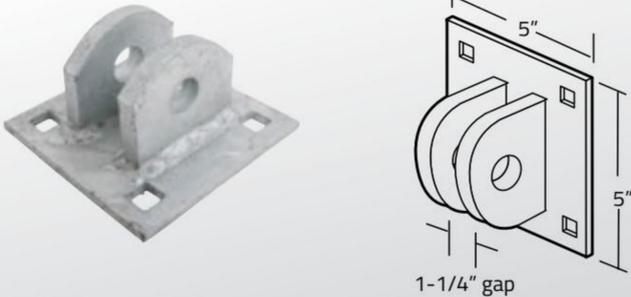

Female T Connector "G"

Two welded 1/2" tabs. Bolts to side of dock to attach fingers and ramps.

Female T Connector "G"
 **part# DH26407**

Volume Pack 24 pcs

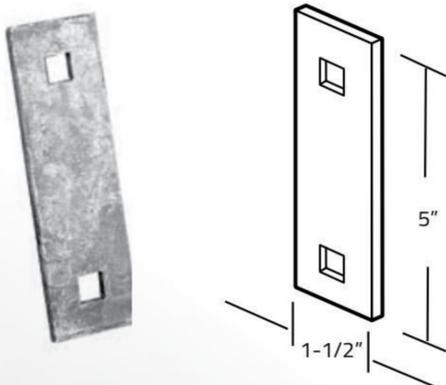

Washer Plate "I"

Use two washer plates with each angle.

Washer Plate
 **part# DH26409**

Volume Pack 48 pcs

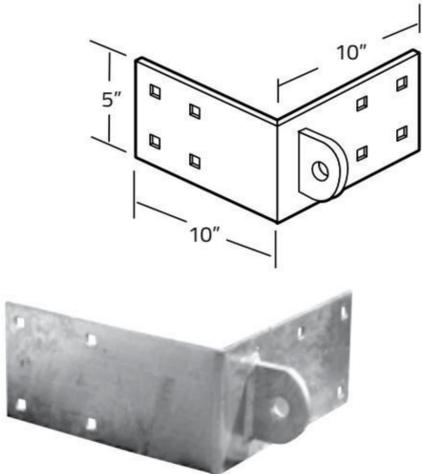

Outside Corner (Male) "B"

1/2" welded tab. Use with a female outside corner to connect docks end to end.

Each leg 10"L x 5" H.

Outside Corner (Male) "B"
 **part# DH25491**

Volume Pack 24 pcs

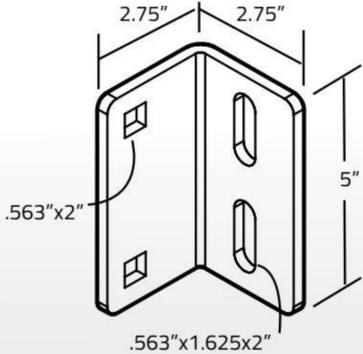

Cleat Angle

Slots accommodate various cleat sizes.

Cleat Angle
 **part# DH26422**

Volume Pack 48 pcs

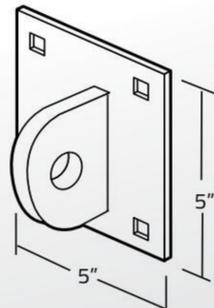

Male T Connector "H"

Welded 1/2" Tab. Use with female T connector to attach fingers and ramps.

Male T Connector "H"
part# DH26408

Volume Pack 24 pcs

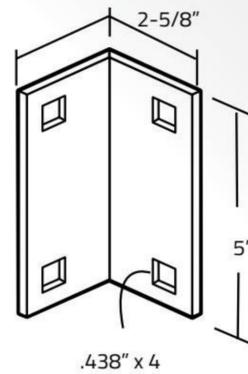

Angle "F"

Heavy-Duty angle for cross supports.

Angle "F"
part# DH26406

Volume Pack 48 pcs

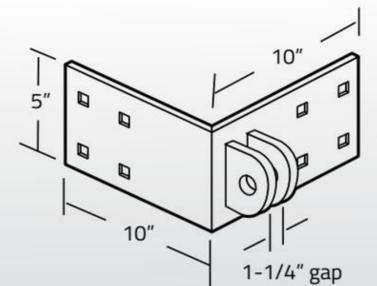

Outside Corner (Female) "A"

Two 1/2" welded tabs. Use with a male outside corner.

Each Leg 10" L x 5" H.

Outside Corner (Female) "A"
part# DH26400

Volume Pack 24 pcs

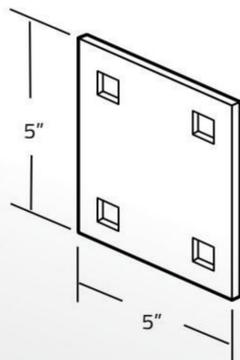

Back-Up Plates "Q"

Use 5"x 5" reinforcing plates to back up Single T Males and Females.

Back-Up Plate "Q"
part# DH26413

Volume Pack 40 pcs

X36" Bumpers

- X36" Plastic with 3-1/2" Slot-White
 - X36" Plastic with 3-1/2" Slot-Black
- (Mounted to 3x3 tube. Requires 2 bolts, 2 nuts and 4 washers per bumper)
- 3/8" x 6" Bolt
 - used with tube thickness up to 3"
 - 3/8" Brass Nut
 - 3/8" SS Flat Washer

-  **part# D1BUVP312W**
-  **part# D1BUVP312B**

-  **part# NB386G**

-  **part# NN38S**
-  **part# NW38FL**

Hydraulic Motor Stop

This design fits new rubber bunks. Carriage bolts slide into track on outside of bottom bunk and plates are attached on the outside. There are two hole patterns on the plate for height adjustment. The extensions are 24" long for length adjustment and then finished off with a 36" plastic bumper. Motor stop for older lifts available.

- Single Motor 4,400-10,100
- Double Motor 4,000-10,100
- Large Double Motor 12,100-24,100

-  **part# LMSHYS**
-  **part# LMSHYD**
-  **part# LMSHYD2**

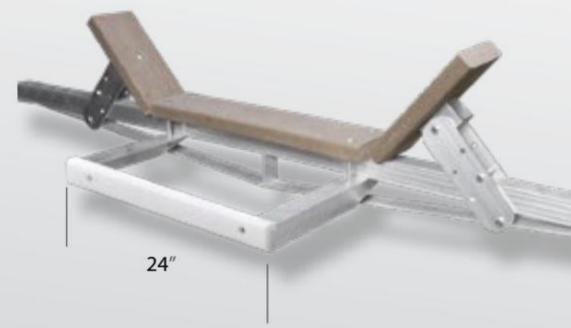

20" of Adjustment

Motor Stop

Protect your motor from overrunning the lift.

For cantilever and vertical lifts

- Small  **part# LMS**
- Large Adjustable  **part# LMSL**
- For Proteus Lift  **part# LMSP**

Bow Stop

Bow stops are used for rough water or outdrive ski boats to keep boat from overrunning the lift.

Standard Stop for cantilever and vertical lifts
part# LBS

Large Bow Stop for 4600-6600
part# LBSHD

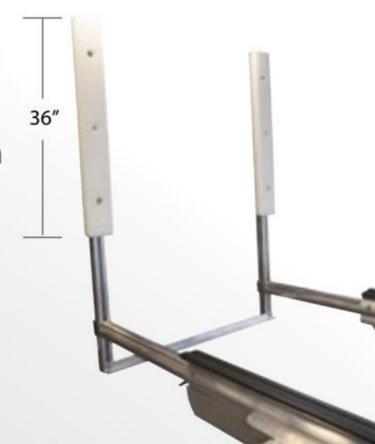

Bow Stop for Proteus lift
part# LBSHD
Drilling required

Hydraulic Bow Stop

This design fits new rubber bunks. 11' custom extrusion slides into the bottom bunk with 8' of adjustment inside the bunk and is secured with two 1/2" set screws. Bow stop for older lifts available.

- Hydraulic Stop 2,500-10,100
- part# LBSHY**

Foam Post Bumper

Bumper slides over 1-1/2" OD pipe and also serves as replacement foam for centering guides.

-  **part# D1BUF**

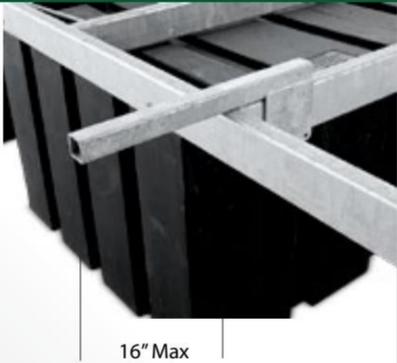

Various shapes and sizes of aluminum are available for sale. Contact your local dealer for details.

Boat Port Side Walk Brackets

Bolts onto Boat Port cross-beams to create a side walkway. (Planks not included.)

One Bracket
 **part# LBPWB**

2- tank lift uses 4 brackets per side
 3- tank lift uses 5 brackets per side

16" Max

Full-Length Guide Step

Full-length guide steps aid in guiding your boat into the same position every time. Vertical and horizontal adjustment support for getting in and out of your boat.

Hydraulic Full-Length Outriggers

Allows you to install guides onto hydraulic lifts. Keep in mind, two pair are needed – one pair for each side of lift.

One pair
 2,500-8,100
 **part# LFLCGHYB**

Centering Guides and Catwalk

 Indicates this product is shippable via UPS from your local dealer or visit us online at www.hewitrad.com.

Various shapes and sizes of aluminum are available for sale. Contact your local dealer for details.

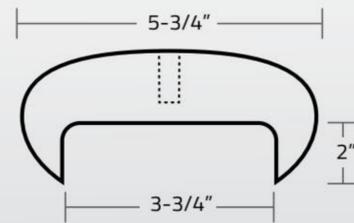

Cushion Bumper

Upper and lower lip wrap around the lift post. Waffle effect backside for additional cushioning. Marine-grade PVC.

Colors: White, Black, Blue, Light Gray

- White  **part# D1BCBWE**
- Black  **part# D1BCBBK**
- Blue  **part# D1BCBBE**
- Light Gray  **part# D1BCBGL**

(8 fasteners recommended per bumper, see page 8.)
Volume Pack 24 pcs

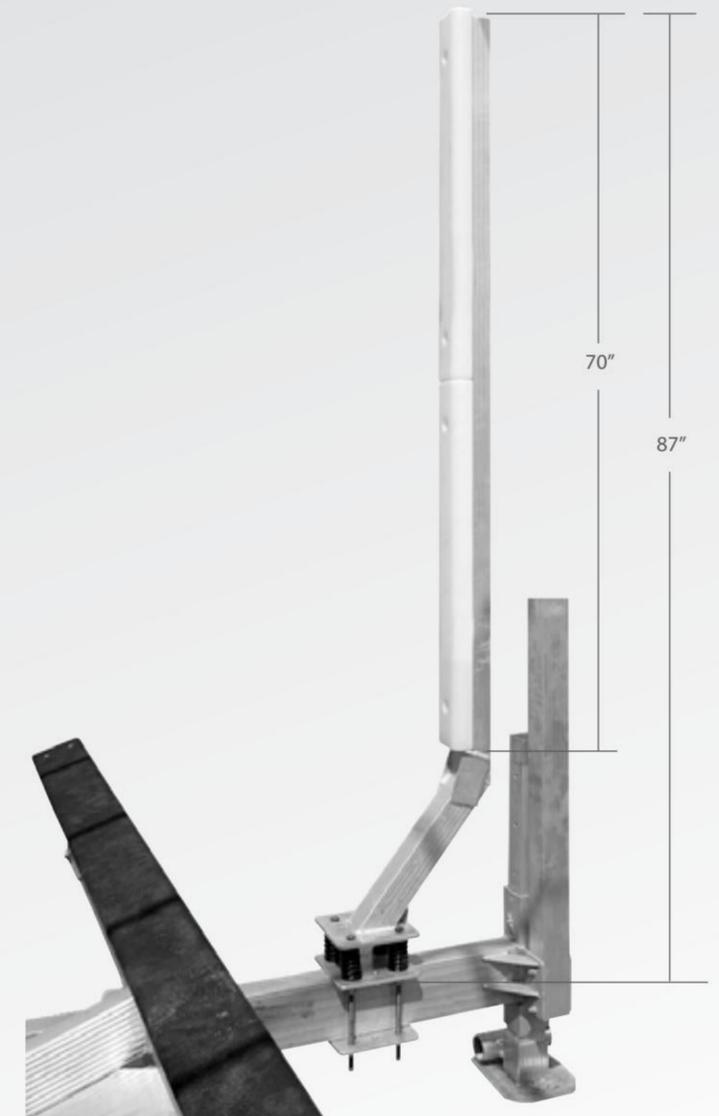

Heavy-Duty Centering Guides

The name says it all. Our heavy-duty centering guides feature shock absorbing springs at the base and durable plastic bumpers that won't mar your boat's finish. Fits tubes up to 3-3/4" w x 8" h.

- 4400-10,100
- 12,100-18,100

- part# LCGBHD**
- part# LCGBHDL** (Adds 24" to height)

30" Plastic Pontoon Guides for Cantilever Lifts and PWC Lifts

These guides feature shock absorbing rubber bushings at the base and durable 24" plastic bumpers to help guide your pontoon boat into the lift.

- White  **part# LCGBPP**

36" Plastic Centering Guides

These guides feature shock absorbing rubber bushings at the base and durable plastic bumpers. Standard fits up to 3" wide by 3" tall beds

-  **part# LCGBP**

Hi-Lifter fits up to 3" wide by 5" tall beds up to 4,500 lbs.

-  **part# LCGBPHL**

For Proteus lift

-  **part# LCGBPPO**

Narrow Pontoon Guide Roller

This guide bolts onto a 3" tube. Roller aids in guiding boat onto lift.

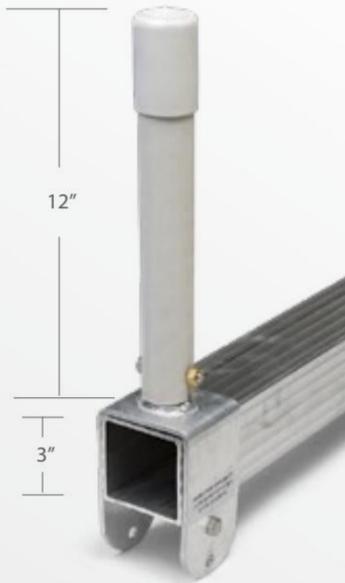

One pair  **part# LNPGR**

Narrow Pontoon Front Stop

Stop pontoon from overrunning lift.

One pair  **part# LNPFS**

Catwalk

All aluminum brackets with mounting hardware, to make side mounted catwalk for cantilever, vertical and hydraulic lifts with canopy or free standing canopies (planks not included).

One Pair for Cantilever Lift  **part# LCWB**

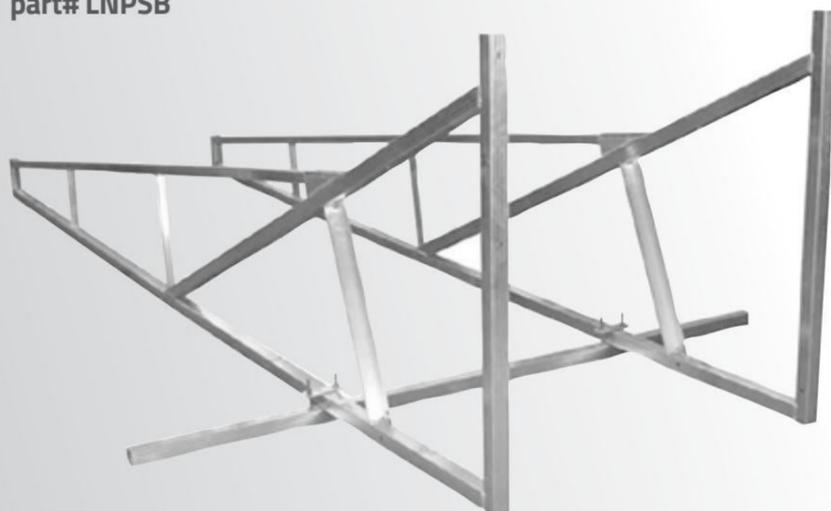

One Pair for Hi-Lift Verticals (drilling required)  **part# LCWBHL**

Narrow Pontoon Stabilizer Bars

Get more stability out of your narrow pontoon lift with these stabilizer bars. All aluminum with hardware.

One pair  **part# LNPSB**

Pontoon Conversions and Accessories

 Indicates this product is shippable via UPS from your local dealer or visit us online at www.hewittrad.com.

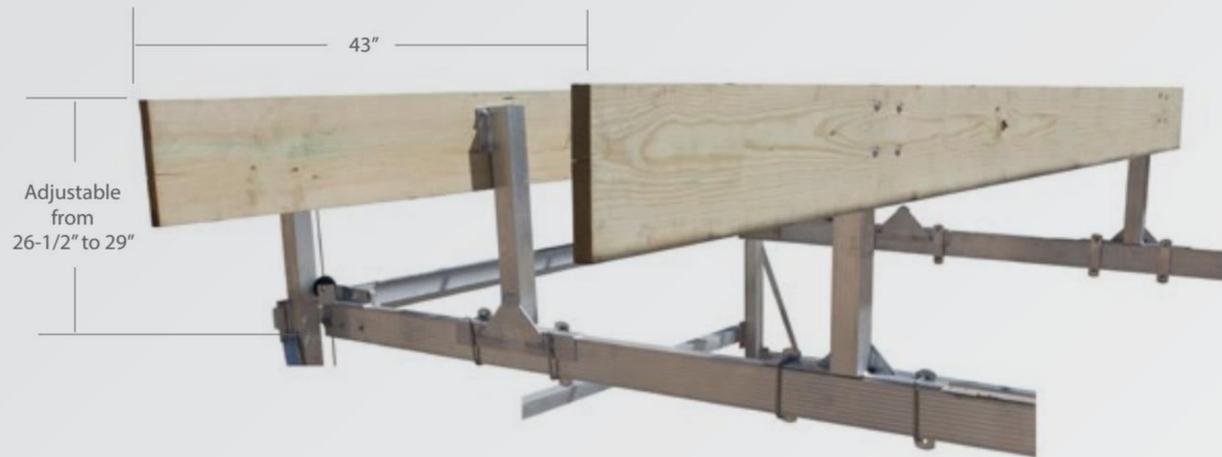

Pontoon Rack Kit

Convert your regular lift into a pontoon lift with these heavy-duty aluminum brackets and hardware. Rack lifts under the boat's deck, adds life to the boat's tanks. Also useful as a landing guide to center your boat over the lift. There are two different rack styles, (shown at left) pontoon rack with wood, (shown at right) aluminum adjustable rack kit

Standard Rack Kit: 1800 Wide, 2400-5200 Cantilever
 Medium Rack Kit: 1800 Roll-A-Rail, 1600-3800 Hi-Lifter
 4600 Rack Kit: 4600 Hi-Lifter
 Large Rack Kit: 5600HL, 6600HL
 Proteus Rack Kit:

Lift Legs and Extensions

 Indicates this product is shippable via UPS from your local dealer or visit us online at www.hewittrad.com.

Leveling Legs

A variety of lengths of leveling legs are available to assure level lift installation in deep water or on an uneven lake or river bed.

- 18" long 1-1/2" x 1-1/2" sq.  **part# LL182** – for 1150 and 2300 PWC
- 30" long 1-1/2" x 1-1/2" sq.  **part# LLH3** – for Narrow Pontoon Lifts
- 36" long 1-1/2" x 1-1/2" sq.  **part# LL132** – for 1150 and 2300 PWC
- 60" long 1-1/2" x 1-1/2" sq.  **part# LL152**
- 36" long 2" x 2" sq.  **part# LL232**
- 72" long 2" x 2" sq.  **part# LL262**
- 96" long 2" x 2" sq.  **part# LL282**
- 36" long 3" x 3" sq.  **part# LL332**
- 72" long 3" x 3" sq.  **part# LL362**
- 96" long 3" x 3" sq.  **part# LL382**
- 30" long 2-5/8" x 2-5/8" sq.  **part# LLH32**
- 72" long 2-5/8" x 2-5/8" sq.  **part# LLH62**
- 96" long 2-5/8" x 2-5/8" sq.  **part# LLH82**
- 84" long 3" x 3" sq.  **part# LLH72**

Leg Pins and Setscrew for Leveling Legs

For quick and easy height adjustments to leveling legs.

- 1/2" x 1" setscrew  **part# LLSS**
- 1/2" x 2" setscrew  **part# LLSS2**
- 2-1/2" leg pin with clip  **part# LLP2/2**
- 3-1/2" leg pin with clip  **part# LLP3/2**
- 4" leg pin with clip  **part# LLP4**
- 4-1/2" leg pin with clip  **part# LLP4/2**

Large Aluminum Pad

Gives leveling legs greater support in soft or sandy lake bottoms. Installs to bottom of existing pad. Drilling required for installation.

-  **part# LLPAD**

3"x3" Adjustable Screw Leg

Have fluctuating water? Adjustable screw legs mount on the outside of lift and operate with a simple cordless drill. 30" of total adjustment. Features patent-pending brake and stop bolt. Fits Cantilever Lifts 3000-4800lbs. Back only of 3900-5200. Optional screw drive bit available.

- 3' x 3'  **part# LLSA**

Hi-Lifter Adjustable Screw Leg

Replaces existing leveling leg. The Hi-lifter adjustable screw legs mount on the outside of lift and operate with a simple cordless drill. 30" of total adjustment. Features patent-pending brake and stop bolt. Fits Hi-Lifts 2600-6600lbs.

- 2-5/8" Legs without exchange  **part# LLSAHL**
- 2-5/8" Legs with exchange  **part# LLSAHLX**

Adjustable Screw Leg Option

Optional screw drive bit for adjustable screw legs. Does not work on classic dock screw legs.

-  **part# LLSAB**

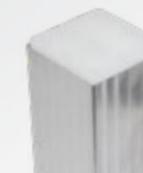

Square Rubber Caps

- Volume Pack 100 pcs
- 1-1/2" square  **D1RC1SQ**
- 2" square  **D1RC2SQ**
- 3" square  **D1RC3SQ**
- 2" x 4" square  **LRARC**

Square Plastic Hole Plugs

- Volume Pack 100 pcs
- 1-1/2" square  **D1PC1SQ**
- 1-1/4"  **D1PC2SQ**
- 2" square  **D1PC3SQ**
- 1-3/4"  **D1PC4SQ**
- 3" square  **D1PC5SQ**
- 2-3/4" **D1PC6SQ**

Leveling Legs Extensions

Add onto existing leveling legs without buying a whole new leg.

- 2" x 2"  **part# LL2E**
- 3" x 3"  **part# LL3E**

Rubber Post Plug

- 2" square  **LCGBPLUG**
- 1-3/4"  **LCGBPLUG**

Tie-Downs and Augers

Leveling Leg Bracing

Used to stabilize long leveling legs. Price includes parts for two legs.

- 2" x 2" for 1800 Cantilever
- 2" x 3" for 2400 Cantilever
- 3" x 3" for 3000-4800 Cantilever
- 2-5/8" x 3" for 2600-6600 Hi-Lifter
- 4100, 6100, Hydraulic
- 8100, 10100, 12,100 Hydraulic

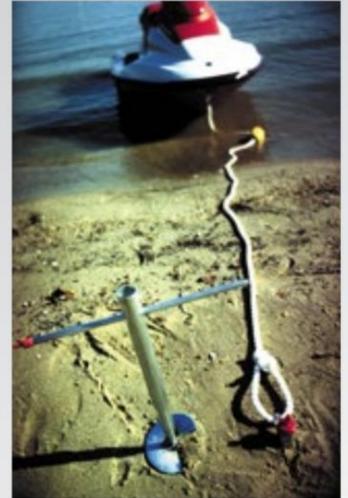

- part# LL2BR
- part# LL2BR24
- part# LL3BR
- part# LLHBR
- part# LLHYBR
- part# LLHYBR8

Tie-Down

Personal watercraft and small boat mooring made easy. Simply screw in. Removable handle stows inside anchor tube.

- part# L1TD

High-Wind Tie-Down

Extra anchoring for your boat lift in rough or high-wind areas. Attaches to any rectangle or square tube up to 3"x3". Includes hardware, adjustable bracket, screw auger and two 5' aluminum posts.

High-Wind Tie Down Kit (2)

- part# LLTD

Drilling required on hydraulic lifts

Post Ratchet R V S C F W U

Provides leverage to easily install and remove pipes with augers. This 19" handle and reversible ratchet fits 1-1/4", 1-1/2", and 2" pipes up to 2-1/4" O.D.

- part# DAPR

Lift Wheels

 Indicates this product is shippable via UPS from your local dealer or visit us online at www.hewittrad.com.

Corner Assist Wheel Kit

Makes lift installation and removal much easier: they're quick to set up, lightweight, easy-to-use, and may be used on several lift sizes without permanent attachment.

1200-1800 Cantilever

 **part# LWCS**

2400-5200 Cantilever

 **part# LWCL**

1100-1600 Hi-Lifters (with welded plastic slide)

 **part# LWCH**

4100-10100 Hydraulic (Bracket slides over leveling leg)

 **part# LWCHY**

2600-6600 Hi-Lifters (with rollers and bolt-on corner slides)

 **part# LWCHL**

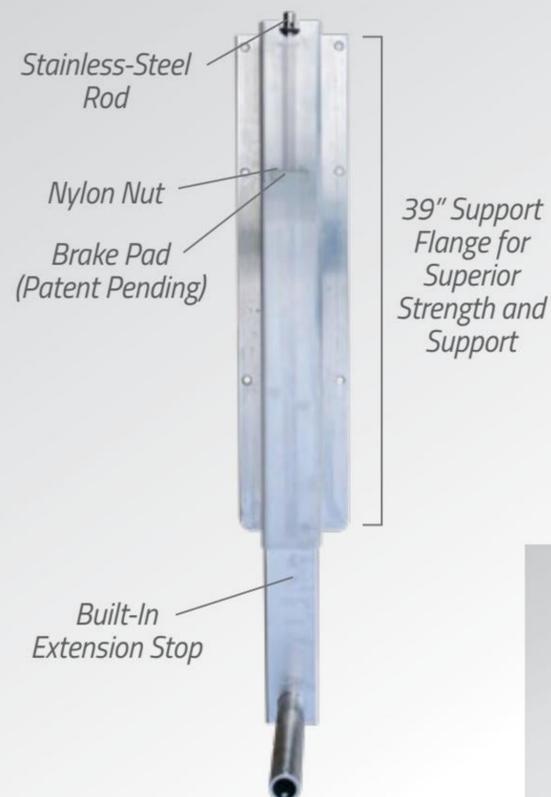

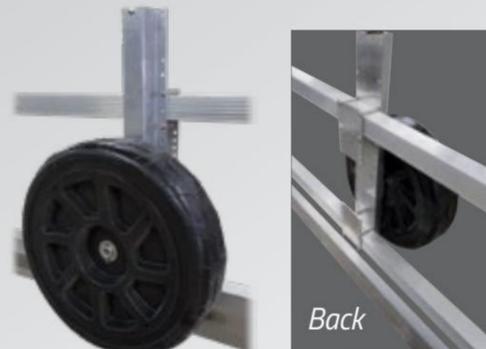

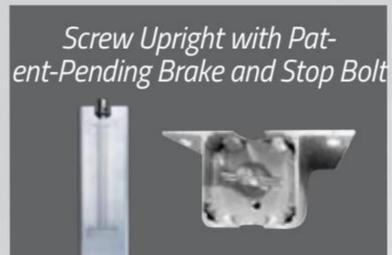

Lift Ease

Boatlift adjustable screw wheel kit features a full-length mounting extrusion and is attached to the lift in two locations. Built-in tire brake helps avoid tire rotation when the wheel is not touching the ground. 20-1/2" of adjustment. 27" wheel standard, optional 16" wheel available.

part# LWKE

Exchange 27" wheel for 16" wheel.

part# DWHEELSX

Simple cordless drill operation. Unmatched heavy-duty design and user-friendly features.

- Screw legs are completely rebuildable to make fixes easy if needed
- Built-in extension-stop prevents the leg from being overextended
- Features stainless-steel rod and maintenance-free nylon nut
- Patent-pending brake pad prevents the leg from self adjusting due to wave action

Adjustable Screw Drive Bit

Fits all screw legs except the classic dock screw legs.

part# LLSAB

Lift Wheel Kit

Mounts on center of lift. Works great for maneuvering around objects or over sea walls.

For cantilever lifts

 **part# LWK**

For narrow pontoon lifts

 **part# LWKNP**

Lifting Bar

 **part# LWTL**

Lift Jack

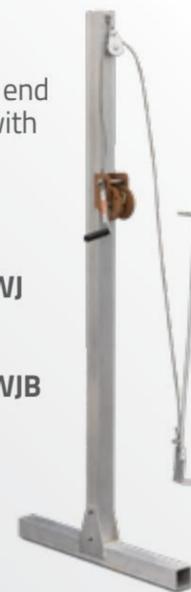

The "Original" lift jack allows you to raise one end of the lift to easily adjust lift legs and assist with installing/removing lift wheels without going under water. Lift jack handle is 36".

Lift Jack
(with non-braking winch)

 **part# LWJ**

Lift Jack
(with braking winch)

 **part# LWJB**

Transportation Bar

Use a boat to move lift in and out of deep water or to a new location.

part# LWTRAN

Roll-A-Rail Accessories

 Indicates this product is shippable via UPS from your local dealer or visit us online at www.hewittrad.com.

Rail Cross Bar

Clamps onto bottom side of rail track. All aluminum cross bar with adjustable 3' legs and pads. Recommended 4500 lb rail to be supported every 8' if track leaves the ground and 6500 lb rail to be supported every 4'. The 5' cross bar is used to support rail up to 4' above ground level. In instances that the elevation is above 4', use the 8' cross bar for support.

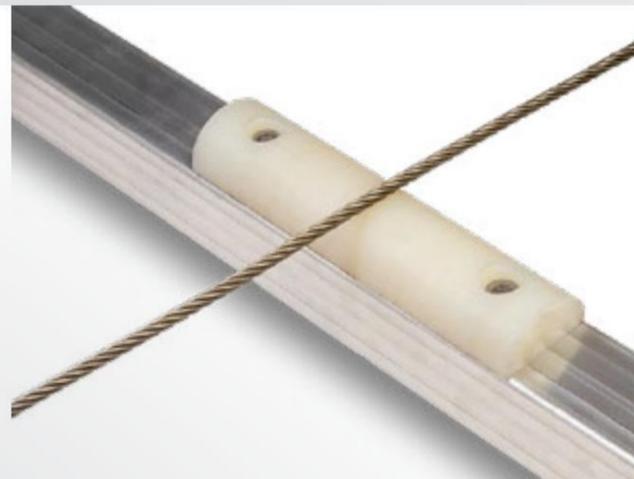

5'	4500 lb	 part# LRAL
5'	6500 lb	 part# LRALL
8'	6500 lb	 part# LRALL8

Rail Cable Guides

Polyethylene guide prevents wear on braces when the degree or slope of land changes.

2 pieces  **part# LRACG**

Mechanical Limit Switch

Mechanical spring driven limit switch prevents you from overlifting your boat on lift. AC/DC Models with remote ONLY!

 **part# LWHDDSS**

Rail Tip-Up

Pivoting rail section allows garage or boathouse door to close completely.

 **part# LRTUP**

Braking Winch

Used on rail if incline is greater than 10° (1.6' in 16' elevations). (Standard on 6500.)

 **part# LRMSB**

Lift Accessories

Hydraulic Pump Box Stands

Mounts over 3" x 3" square tube and keeps your hydraulic pump off your dock and out of the way.

Medium Pump Box  **part# L1HYPBM** (currently what pumps are in)

Cylinder Sleeves

Dress-up vinyl sleeve for cylinders on hydraulic cantilever lifts. Available in seven colors: gray, beige, blue, white, green, yellow and teal. Also available in SeaMark fabric.

 **part# LHYCS** - Color (pair)

Hydraulic Hose Extension Kit

Hoses make it quick and easy to move your pump box away from lift or into a boathouse. Comes with two hoses.

Kit Fits 2500 - 8100lb lifts.

19' extension  **part# NAHYHE22**

Large Kit Fits 10100 - 24100lb lifts.

19' extension  **part# NAHYHEL22**

Boat Lift Boss Electric Hoist

 Indicates this product is shippable via UPS from your local dealer or visit us online at www.hewittrad.com.

Various shapes and sizes of aluminum are available for sale. Contact your local dealer for details.

Boat Lift Boss

The Lift Boss Boat Lift Direct Drive System takes the place of the standard winch wheel. It features convenient remote control operation and dock lighting for added safety. The unit is quick and easy to install and is available in AC and DC versions. For use on lifts up to 6000 lb lifting capacity. Brackets available for all lift brands. The Lift Boss double sealed motorshaft, sealed electrical box, and O-rings around the rivets allow for extra protection from the elements. This unit includes a two piece cover. Please ask your dealer for details.

AC Unit

Drive unit, AC non-remote control box with key, or AC remote control box complete with key and one wireless remote control key fobs.

DC Unit

Includes 12 or 24V DC drive unit, non-remote control box with key or DC remote control box complete with one wireless remote control key fob.

Optional Jumper Wire needed to run motor (24V)

BOAT LIFT BOSS™

INTEGRATED, DIRECT DRIVE, WHEEL DRIVE

The Engineering Wonder That
Makes This Drive System Remarkable

Anodized Aluminum Housing

- The clear anodized finish provides a great look while protecting it from corrosion.

Heavy-Duty Worm Drive Gear Head

- The Heavy-Duty Worm Drive Gear has been painstakingly engineered through years of development to survive and surpass the stress and torque experienced with the weight of today's lifts. The trauma force that lifts face cause many of the competitors' off-the-shelf parts to fail, but Boat Lift Boss Worm Drive Gear Head has the strength and holding power to not simply outlast, but to thrive in these extreme conditions.

Heavy-Duty Chain and Sprockets

- Heavy-duty hardened steel sprockets add life to the unit, while the heavy-duty chain is spun on a true roller bearing instead of a bronze bushing.

HDPE Cable Keeper

- When there is no load on the winch, cables have the potential to loosen and slip outside of the spool, which the consumer would not recognize until too late. Cables becoming caught in the chains and sprockets can cause expensive damages to the lift and leave it unusable. The HDPE Cable Keeper eliminates this possibility by keeping the cable fully contained in the spool where it belongs.

Stainless Steel Hardware

- All the hardware found throughout the unit, inside and out, is constructed of high-grade stainless steel and will never rust.

High-Power 120V or 12/24V Motor

- Available in both AC and DC models, designed and perfected for the marine environment. AC models are designed for lifts with access to GFI-protected shore power, while DC models run either on 12V or 24V battery power. Powering DC models with 24V will nearly double the lift speed. Additional battery, solar power and wiring are required.

Weather-Resistant ABS Housing

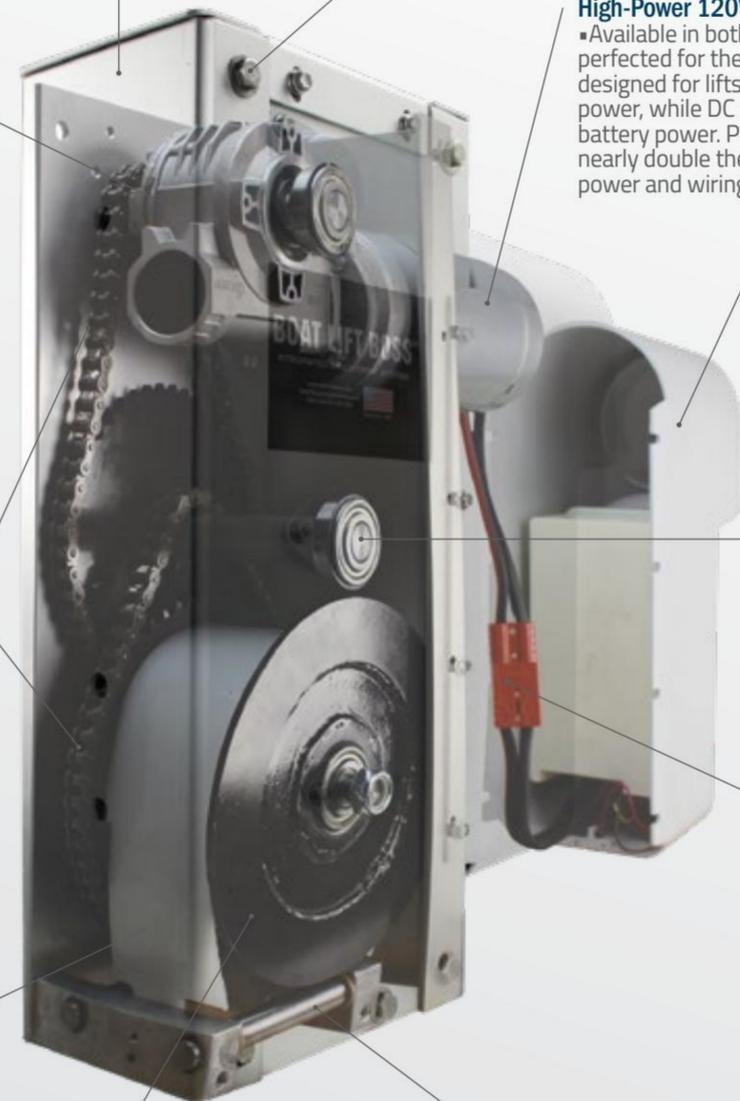

- The fully-sealed injection-molded electronics housing offers the best protection for the electrical components while providing a clean factory-designed look, not just the bolted-on afterthought look other brands feature.

Heavy-Duty Roller Bearings

- All major load-bearing points utilize oversized bearings and are protected with a plastic cover and weatherproof O-ring. Competitors use bronze bushings that can fail rapidly and crush under a load.

Field Upgradeable Quick-Detach Electronics

- The quick-detach electronic connectors allow a quick and easy electronics swap without ever needing to remove the entire unit from the lift. Eight simple screws and one quick-connect plug are all that fasten the electronics to the rest of the Boat Lift Boss, making it all possible to change the entire electrical system in less than two minutes. This feature is especially helpful when a customer wishes to add a wireless remote control to their existing Boat Lift Boss.

High-Sided Winch Drum

- High sides on the winch drum work in conjunction with the Cable Keeper so no cable can escape through the top while also allowing plenty of space for extra cable should it be needed.

Roller Fairlead

- The Roller Fairlead guides the cable properly into the drum and is recessed close to the spool, preventing the cable from ever jumping outside of the drum.

Heavy-Duty Electric Hoists

 Indicates this product is shippable via UPS from your local dealer or visit us online at www.hewittrad.com.

Heavy Duty Hoist Motors

Hewitt Heavy Duty Hoists are an alternative to the manual winch. They feature a heavy-duty worm drive powered by a 115V AC or 24V DC motor. High-strength, precision machined components allow these hoists to be rated for higher lifting capacities than competitive brands. Available in three models for capacities of 2000, 4000, 6500 and 8500 lbs. Cast gears, pulleys, motors and wire gauge are specifically sized to the capacity. Hoists include a protective cover, weatherproof wiring and a baked-on powder coated finish.

Cable Drum

Box Drum »

Heavy Duty Motor / E-Gear Remote

Is built with a manual up and down push button, or use the two wireless remote key fobs included. Heavy duty motor remote has an auto stop plug that allows you to add a mechanical limit switch to stop the motor at a specific boat lift height.

Canopy Accessories & Camper Stabilizers

Canopy Storage Net

Storage net creates storage under your canopy. Net protects gear from sun, rain, wind, and theft. Installs with quick release clips in minutes. No tools required. Makes boating much more enjoyable. Turn your canopy into a boathouse today.

Size	Width	Part #
Small	96" - 107"	 LDCS1096
Medium	108" - 120"	 LDCS1108
Large	121" - 138"	 LDCS1138

Canopy LED Lighting

Wireless light kit turns your boat and boat lift canopy into an extended evening entertainment area, adding ample light to continue the festivities. Just a quick click on the remote (included) will turn the lights on or off.

 **part# LWHDDCLR**

Canopy Bracing

Used to support canopies 29' and up. Completely adjustable with the telescoping extension.

For 3'x3' Rails  **part# LDCB**
 For 3'x6' Rails  **part# LDCBJ**

Canopy Repair Kit

Did you have an accident and puncture your canvas? No problem! This canvas repair kit is easy to use for permanent repairs of small holes and tears in your canvas. This patch kit comes with a 4 oz can of adhesive with brush and one 1/4 square yard of fabric in your color choice.

Vinyl  **part# REPAIR-(color)**
 Defender  **part# REPAIRD-(color)**
 SeaMark  **part# REPAIRS-(color)**

Tension Cords

Tired of tying canvas to your canopy frame and cutting knots when you remove the canvas? Then tension cords are the answer! Quick and easy.

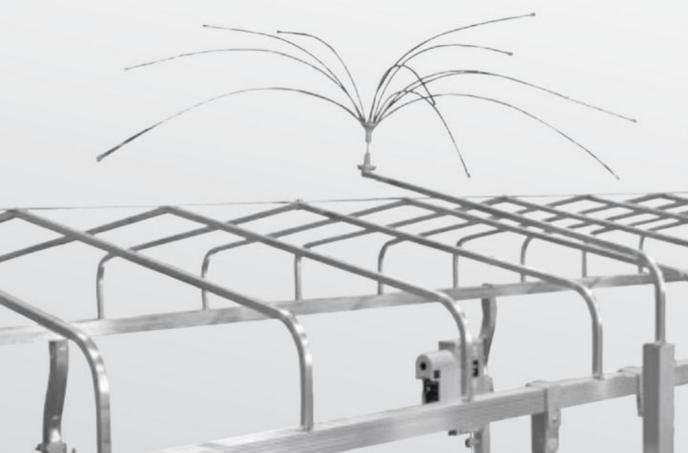

Set of 40
 **part# LDR**

Bird Deterrent

Keep birds away and your canopy clean. Bracket attaches to a lift upright and then over the canopy frame. Allows removal of your canopy cover without having to remove the bird deterrent.

 **part# DBIRDC**

Canopy Mesh Skirt

42" mesh skirt that attaches to the canopy frame work.

Call for more information.

Camper Stabilizers

Lightweight, but heavy-duty stabilizers remove the side-to-side and front-to-back frame movement. No more annoying sway! Stabilize frame heights from 19-26 inches high. Any camper with an exposed frame works well with our camper stabilizers.

part# TSTABLE

- Complete with:
- Two stabilizing legs
 - Two adjustable pins
 - Chain
 - Binder

HEWITT

DOCKS - LIFTS - PONTOON LEGS
www.hewittrad.com

We at HEWITT would like to thank you for your interest in our products. We are confident that you will find the service, quality, workmanship, and design of all HEWITT products to be the industry's finest. For over 40 years, boat and watercraft owners have trusted the safety and longevity of their investments to Hewitt lifts, docks, and canopies.

LIMITED WARRANTY

During the periods stated below from the earlier of the date of purchase or the date the product was put into service, Hewitt Machine & Mfg., Inc. (hereinafter "HEWITT") shall cover the costs of parts needed to repair or replace any of the following products defective in material, workmanship or factory preparation, subject to the limitations and expectations contained herein.

1. 15 year warranty on aluminum welds;
2. 5 year warranty on the following:
 - a. BoatPort galvanized steel and welds;
 - b. Vinyl and SeaMark canvases; and
 - c. Aluminum decking.
3. 3 year warranty on BoatPort polyethylene tanks.
4. 2 year warranty on all other products and accessories. (hereinafter the "Warranted Products")

This Limited Warranty is subject to the following limitations and exceptions:

1. This Limited Warranty covers only Warranted Products manufactured by HEWITT. Non-HEWITT manufactured products are sold "as is," without warranty of any kind by HEWITT including any express warranty and implied warranty regarding MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, AND ALL SUCH WARRANTIES ARE DISCLAIMED. The sole warranty, if any, with respect to such non-HEWITT manufactured products is given by the manufacturer or producer thereof. Based upon HEWITT's knowledge the following warranties are provided by other manufacturers: hydraulic pumps and hoses carry a manufacturer's 2 year warranty. Hydraulic cylinders carry a manufacturer's 1 year warranty. BoatPort controller carries a manufacturer's 1 year warranty. However, HEWITT makes no representations or warranties concerning these non-HEWITT manufactured products, and the customer should inquire directly with such third party manufacturers regarding any warranties.
2. This Limited Warranty covers only Warranted Products purchased new by the original purchaser. This Limited Warranty shall not extend to anyone other than the original purchaser of the HEWITT product.
3. This Limited Warranty does not cover the labor costs to repair or replace the Warranted Products.
4. This Limited Warranty does not cover the costs to repair damage to the Warranted Products caused by corrosion, fading and minor deterioration resulting from exposure to the elements, including the sun, environmental factors or acts of God. "Environmental factors" include such things as airborne fallout, chemicals, tree sap, salt, ocean spray, water hazards. "Acts of God" include such things as fire or accident, rainstorms, hailstorms, windstorms, tornados, sandstorms, lightning, floods and earthquakes.
5. This Limited Warranty does not cover the costs to repair damage to the Warranted Products caused by abuse, misuse, neglect, poor/improper maintenance, tampering with parts, improper or unauthorized adjustment or alteration.

6. This Limited Warranty does not cover the costs to repair damage to the paint and/or finishes, puncture damage, dents, or scratches of the Warranted Products.
7. This Limited Warranty does not cover the costs of normal/scheduled maintenance of the Warranted Products.
8. This Limited Warranty does not cover the costs to repair damage to the Warranted Products caused by improper installation.
9. This Limited Warranty does not cover the costs to repair damage to the Warranted Products caused by the failure to comply with specifications or instructions. Specifications and instructions are subject to change without notice.
10. HEWITT reserves the right to make changes in the Warranted Products at any time without incurring any obligation under this Limited Warranty to make the same or similar modifications on Warranted Products previously manufactured and/or sold.
11. In the event of a possible warranty claim, the Warranted Product shall be returned to HEWITT. If proven to be defective upon inspection, the defective Warranted Product shall be exchanged for new or comparable rebuilt products, as determined by HEWITT, and shipped back to the original owner/purchaser. All shipping costs are the responsibility of the customer. Warranty replacement shall not extend the original warranty period of the defective Warranted Product. HEWITT must be notified in writing within one month of the expiration of the applicable period of the Limited Warranty for an item to be evaluated for warranty.
12. The customer's remedies with respect to Warranted Products shall be exclusively limited to the repair or replacement remedy as provided in this Limited Warranty and in no event shall HEWITT be liable for loss of profits, revenues, savings, inconvenience, associated costs, expense for equipment or service, use of capital, facilities, services, storage charges, damage to property, or any other special, incidental or consequential damages caused by the use or misuse of, or inability to use, the Warranted Product, regardless of the legal theory on which the claim is based, and even if HEWITT has been advised of such damages. In no event shall recovery of any kind against HEWITT be greater in amount than the purchase price of the Warranted Product sold by HEWITT and causing the alleged damage. Without limiting the foregoing, the purchaser assumes all risk and liability for loss, damage or injury to persons, animals or property arising out of use or misuse of, or inability to use, the Warranted Product. HEWITT is not liable for third party claims. In no event shall HEWITT be liable for incidental or consequential damages to the full extent such may be disclaimed by law.
13. This Limited Warranty is the only warranty between the parties. This Limited Warranty states the limits and association of risk between two parties. The customer acknowledges and understands this Limited Warranty and agrees to be bound by the terms contained herein. No other express or implied warranties or guaranties, except as indicated in this Limited Warranty, given by any person or entity with respect to HEWITT and its products shall bind HEWITT. This Limited Warranty supercedes all other warranties expressed or implied. NO IMPLIED WARRANTIES, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE APPLY TO HEWITT AND ITS PRODUCTS AND ARE HEREBY DISCLAIMED.

Specifications are subject to change without notice.
