

Type K Pancake Dispenser

Features

Belshaw's Type K Pancake Depositor is the professional's choice for accurately dispensing pancake mix. The Type K is easy to use, saves money through labor efficiency, and provides accurate portion control, from dollar size to king size.

Belshaw's Type K depositors are designed to be mastered by the novice in minutes. Operation is easily accomplished with minimal waste.

Each pancake dispenser offers 8 calibrated volume settings located on the handle. The weight range is from ½ - 8 oz (14-85g). An identically shaped product is easily delivered.

Hopper size is generous, allowing 44 typical (2oz/59g) portions. Each hopper is constructed of aluminum to reduce weight. Each plunger and cylinder is constructed of stainless steel to assure durability. The entire unit is corrosion resistant, easy to clean and is NSF certified.

Accessories

The stainless steel Type K holder is simple, easy to clean, saves time, and helps keep your pancake dispenser safe from damage .
