

Model: MIX3000

Vertical mixing tank

Total volume: 3.300 lt

Max working volume: 3.000 lt

Material of contact parts: Stainless steel AISI304

Hinged cover with safety grid underneath

30° conical bottom head and stainless steel DN80 ball valve

Parallel shaft drive with 2,2 Kw motor

Agitator: N°2 three-blade turbines, diam 500 mm

Agitator speed: 204 RPM

Shaft seal: MIM type

Support structure: N°3 stainless steel legs, to be fixed to floor

Empty weight: 375 Kg

Weight full of water: 3.375 Kg
