

The First Choice Globally

## Small, Efficient **WEDGE WELDER**

The T3 Extreme™ was designed with the smaller business in mind. This efficient hot wedge welder will produce all the seams required for the banner and sign maker. The T3 Extreme is equipped with nearly all of the guides you need to finish almost any job your customer may require. Designed to easily adapt to any small business, the T3 Extreme will use a limited amount of space to finish your products.

## **Hot Wedge Welding Applications:**

- Woven Polypropylene
- Woven Polyethylene
- PVC Laminate
- PVC Coated
- Polyurethane Coated
- Polypropylene
- More...

**Technical Specifications** 

Voltage:	230 Volts - Single Phase - 15 Amperes
Air Requirements:	100 PSI @ 1 CFM
Power Consumption:	3.5Kw
Maximum Temperature:	Hot Wedge: 430°C
Throat Width:	406mm
Dimensions:	Width: 406mm Length: 1.12m Height: 533mm Weight: Approx. 48kg
Seam Width:	10 to 50mm**
Welding Speed:	Up to 8m per minute*

- **FEATURES & BENEFITS**
- 1. Simple controls for easy operation.
- 2. Solid steel frame for years of durability.
- 3. Compact size for any small business.
- 4. Simple wedge adjustments for accurate placement.
- 5. Easy guide change for multiple seam configurations.

<sup>\*</sup> Depending on the application, the seam width and the type of material used

<sup>\*\*</sup>Additional guides might be necessary
