CONTENTS

SECTION 1 - PERFORMANCE SPECIFICATIONS AND VARIOUS COMPONENTS

1. Performance Specifications	1 — 2
2. Machine External View	1 — 3
3. Hydraulic Manifold Locations	1 — 4
4. Electric Control Panel Locations	1 — 6

SECTION 2 - SAFETY DEVICES

1. Electrical Safety Devices	2 — 1
• Safety doors and safety door limit switches	2 — 1
• Emergency stop pushbutton	2 — 3
2. Mechanical Safety Devices	2 — 4
• Mold clamping safety device	2 — 4
3. Hydraulic Safety Devices	2 — 5
• Door valve	2 — 5

SECTION 3 - DANGER • WARNING • CAUTION

1. DANGER	3 — 2
2. WARNING	3 — 3
3. CAUTION	3 — 5
4. TO PREVENT DAMAGE TO THE MACHINE	3 — 8

SECTION 4 - OPERATING PROCEDURE

1. Before Operating	4 — 1
2. Starting and Stopping the Pump Motor	4 — 3
3. Mold Clamping and Opening	4 — 4
4. Operation for Ejector	4 — 5
5. Operation for Injection Unit (Injector or Nozzle)	4 — 6
6. Fitting the Mold	4 — 7
7. Screw Operation (Metering, Injection and Retraction)	4 — 13
8. Automatic Operation	4 — 15
9. Finishing Molding (Stopping the Machine)	4 — 16
10. Removing the Mold	4 — 17
11. Disassembling the Screw and Barrel	4 — 18

SECTION 5 - MACHINE ADJUSTMENT

- ※ Remember that the contents of this section become available according to the type of the operating control system which you have ordered. For a quick summary of the contents, refer to page 5-1.

SECTION 6 - MAINTENANCE AND INSPECTION

1. Daily Inspection	6 - 1
2. Periodic Inspection	6 - 5
3. Heat Exchanger (Oil Cooler)	6 - 10
4. Suction Filter	6 - 11
5. Screw and Barrel - Cleaning and Inspection	6 - 12

SECTION 7 - OPTIONS

- ※ This section applies only to the machines fitted with optional devices or systems whose explanations will be appended to this section.

SECTION 8 - APPENDIX

- Selection of hydraulic and lubricating oil, and maintenance procedure
- Floor Plan
- Mold Fitting Diagram
- Nozzle Cross Section Diagram
- Heater Band Specifications
- Cycle Time Chart (Timing Chart)
- Hydraulic Circuit Diagrams with Parts List
- Electrical Diagrams with Parts List
- Table of Standard Maintenance and Inspection
- Additional Information
