

EQUIPTOP®

HORIZONTAL SURFACE GRINDING MACHINE

6 1 5 0 A S D II

OPERATION MANUAL

EQUIPTOP MACHINERY CO., LTD.

CONTENT

CHAPTER 1: SAFETY PRECAUTIONS

CHAPTER 2: GRINDER DESCRIPTION

2.1 :Introduction to the 2460ASD II (6150ASDII) surface grinding machine.....	2.1
2.2 :Noise level and operator a position	2.2
2.3 :The main parts of machine,and the position of operator	2.3
2.4 :Dimensions and floor requirement.....	2.4
2.5 :The warning sign	2.6
2.6 :Potential hazards area	2.9
2.7:Working area	2.10
2.8:Assembly drawing of wheel flange and spindle	2.11
2.9:Specification	2.12

CHAPTER 3: REQUIREMENT OF MACHINE

3.1 :Space requirement	3.1
3.2 :Requirement of the ground.....	3.1
3.3 :Requirement of the environment.....	3.5
3.4 :Requirement of the electricity.....	3.5
3.5 :The specification of coolant water,hydraulic oil,and lubrication oil	3.5

CHAPTER 4: LIFING

4.1 :Lifting by the crane	4.1
4.2 :Moving by fork lift	4.3
4.3 :Clamping for machine	4.4
4.4 :Installation of machine	4.4
4.5 :Adjust the leveling of machines	4.4

CHAPTER 5: PREPARTION BEFORE OPERATING MACHINE

5.1 :To remove desiccant and clean the anti-rust oil	5.1
5.2 :Remove the clamp	5.1
5.3 :Fill the lubrication oil	5.1
5.4 :Installation of hydraulic system	5.1
5.5 :Coolant system connection	5.3
5.6 :Power connection	5.4
5.7 :Re-check before operation.....	5.4

CHAPTER6: HOW TO OPERATE THE MACHINE

6.1 :Control panel for ASD II Series	6.1
6.2 :Description of crossfeed control panel	6.10
6.3 :Vertical movement for ASDII	6.12
6.4 :The operation of grinding machine	6.18
6.5: Rotation test of wheel	6.19
6.6 :Table movement (Longitudinal movement)	6.21
6.7 :Wheelhead cross movement (cross movement)	6.22
6.8 :Grinding wheel Engaging/Disengaging Procedure	6.23
6.9 :Grinding wheel dressing procedure	6.23
6.10 :Balancing grinding wheel procedure	6.24
6.11:Setting grinding wheel into flange	6.25

CHAPTER7: CHOOSING AND STORING GRINDING WHEEL

7.1 :Standard wheel markings	7.1
7.2 :Recommended list of grinding wheel	7.2
7.3 :Storing the grinding wheel	7.3
7.4 :Sound test of wheel.....	7.4
7.5 :Choosing the wheel by knowing the wheel speed.....	7.5
