1 General information

1.1	Basic information	1-3
1.1.1	Prerequisites	1-3
1.1.2	Protection of the environment and ground water	1-3
1.1.3	Company responsibility	1-3
1.1.4	Qualification of personnel	1-4
1.1.5	Maintenance, repair	1-4
1.2	Documentation scope	1-5
1.3	Technical/electrical documentation	1-6
1.3.1	General	1-6
1.3.2	Contents	1-6
1.3.3	Symbols	1-7
1.4	Warranty	1-8
1.5	Warranty exclusion	1-8
1.6	Anti-virus program	1-8
1.7	Machine collision	1-9
1.7.1	Machine during the warranty period	1-9
1.7.2	Behaviour in the event of a collision	1-9
1.8	Declaration of conformity	1-10
1.9	Directives, standards	1-10
1.9.1	EC Directives	1-10
1.9.2	EN Standards	1-10

2 Safety instructions

2.1	General Safety Instructions	2-3
2.1.1	Hazards	2-3
2.1.2	Machine status	2-3
2.1.3	Personnel	2-4
2.1.4	Noise protection	2-6
2.2	General information about health and safety at work	2-6
2.2.1	Machine safety area	2-6
2.2.2	Accessible machining compartment	2-6

2.3	Safety devices	2-7
2.3.1	General	2-7
2.3.2	Cabin	2-7
2.3.3	Emergency Stop button	2-8
2.3.4	SMARTkey® (operating mode selection)	2-8
2.3.5	Agreement key	2-8
2.3.6	Speed checks	2-9
2.3.7	Workpiece clamping	2-9
2.4	Workpiece machining	2-9
2.5	Hazardous substances	2-10
2.5.1	Explosive / flammable substances	2-10
2.5.2	Emissions	2-10
2.5.3	Working with magnesium	2-11
2.5.4	Coolant lubricants not mixable with water	2-11
2.6	Fire protection	2-12
2.6.1	Fire extinguishing system	2-12
2.7	Media supply	2-13
2.7.1	Hydraulic group	2-13
2.7.2	Coolant lubricant system	2-13
2.7.3	Chip disposal / Chip conveyor	2-13
2.8	Tools and tool change	2-14
2.8.1	Tools	2-14
2.8.2	Manual tool change	2-14
2.8.3	Automatic tool change	2-14
2.9	Operation	2-15
2.10	Operating modes (OM)	2-16
2.10.1	Operating mode 2	2-17
2.10.2	Operating mode 3	2-18
2.10.3	Operating mode 4	2-19
2.10.4	Underlying directives and standards	2-20
2.11	Maintenance and service	2-21
2.11.1	Vertical or angled axes	2-22
2.12	Transport and installation	2-22
2.13	Behaviour in dangerous situations and in case of accidents	2-23
2.13.1	Behaviour in dangerous situations	2-23
3	Position plan machine, switch cabinet	
4	Circuit diagrams	
5	Unit plan / Wear part list	
10	Cable plans
