■ Applicable Model ■

NH4000 DCG

Parts List is a reference material prepared for the purpose of "ordering a part" and it is not intended for giving assembling instructions. Therefore, do not assemble or disassemble machine units referring to the Parts List. Before starting operation, maintenance, or programming, carefully read the manuals supplied by Mori Seiki, the NC unit manufacturer, and equipment manufacturers so that you fully understand the information they contain.

Keep the manuals carefully so that they will not be lost.
