Reference Manual

Produced October 2001

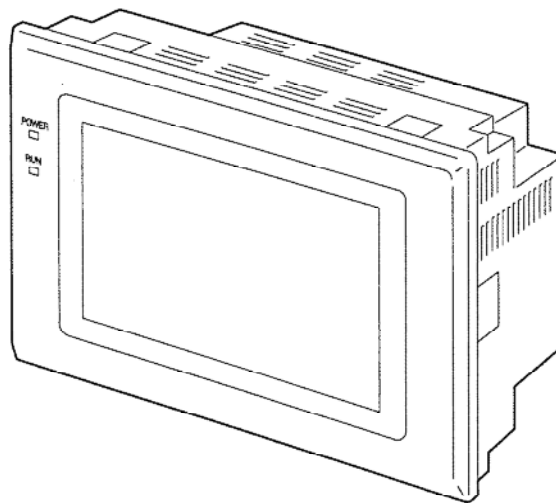

TABLE OF CONTENTS

PRECAUTIONS	xi
1 Intended Audience	xii
2 General Precautions	xii
3 Safety Precautions	xii
SECTION 1	
General	1
1-1 Role and Operation of the PT	2
1-2 Functions of the NT21, NT31/NT31C and NT631/NT631C	4
1-3 System Configuration	22
1-4 Communications with the Host	26
1-5 Communication by Using Memory Links	35
1-6 Before Operating	37
SECTION 2	
PT Functions	39
2-1 PT Screens	41
2-2 Areas for Control/Notification	52
2-3 Memory Tables	72
2-4 Fixed Displays	90
2-5 Image and Library Data	106
2-6 Lamps	112
2-7 Touch Switches	119
2-8 Numeral Display	140
2-9 Character String Display	148
2-10 Graphs	154
2-11 Alarm List, Alarm History	182
2-12 Inputting Numeric Values	192
2-13 Inputting Character Strings	210
2-14 Recipes	216
2-15 Window Function	237
2-16 Special Functions	244
2-17 Device Monitor Function	259
2-18 Mathematical Function	279
2-19 PT Configuration Settings	285
SECTION 3	
How to Use the PT	287
3-1 Screen Creation Procedure	288
3-2 Buzzer, Backlight, and Display Control	290
3-3 Screen Display and Notification	300
3-4 Display and Control of Windows	309
3-5 Changing Numeral and Character String Display	317
3-6 Display of Graphs	328
3-7 Input of Numeric Values and Character Strings	329
3-8 Using the Alarm List/History Function	348
3-9 Using the Display History Function	353
3-10 Display and Setting of Calendar Clock	356
3-11 Printing Data and Checking the Printer Status	364
3-12 Enabling/Disabling PT Operations	368

TABLE OF CONTENTS

SECTION 4

Using Memory Link 371

- 4-1 Operation of the Memory Link 372
- 4-2 Outline of Communications 374
- 4-3 Commands/Responses 377
- 4-4 Memory Link Online Transfer Function 400

SECTION 5

Function Applications 403

- 5-1 Examples of Actual Applications of Direct Access 404
- 5-2 Examples of Actual Applications of Memory Link 417

SECTION 6

Troubleshooting and Maintenance 421

- 6-1 Troubleshooting 422
- 6-2 Responding to Displayed Error Messages 427

Appendices

- A Specifications 435
- B Compatibility with Screen Data of Other PT Models 441
- C NT20S and NT30/620 Compatible Modes 457
- D PC Memory Maps 465
- E Keycode Tables 467
