KAO FONG Machinery Co., Ltd

Vertical Machine Center Operation Manual
VMC-1400/1500/1685/2185
FANUK SERIES

CONTENTS

1. Outline and Construction	1
1.1 Outline of the Machine and Construction	1
1.2 Outline of the Control Unit	3
2. Specification	8
2.1 Machine Specification (Mechanical Tool Change)	8
2.2 Control Unit Specification	11
2.3 Accessories	14
3. Machine Installation and Operation Preparation	22
3.1 Machine Installation	22
3.2 Connection of the Power Supply	28
3.3 Connection of the Compressed Air & Lubricated Oil Supply	29
3.4 Lubrication and Oil Supply	30
3.5 Cooling Oil	33
3.6 Oiler adjustment	33
3.7 Cooler of Head's Lubricating Oil	34
4. Functions and Operation of the Individual Parts	36
4.1 Non-Fuse Breaker (Main Power Switch)	36
4.2 Explanations of the Pendant Switch Box	36
4.2.1 Explanations of the MDI/DPL Panel	36
4.2.2 Pendant Control Panel (Main Operator's Panel)	42
4.3 Automatic Tool Changer Device	52
4.3.1 Mechanical Tool Changer	52
4.4 Operations Before and After Machine Operation	55
4.5 Operating Procedure	56
4.6 Miscellaneous Function (M-Function)	57
5. Maintenance and Adjustment	59
5.1 Regular Maintenance	59
5.2 Machine Adjustment	60
6. C.N.C. Machine Center - Sequences of Working	61
7. Magazine Drive Mechanism and Adjustment	62
7.1 Magazine Drive Mechanism	62
7.2 Adjusting the Magazine	63
8. ATC Adjustment Procedure	65
9. Hydraulic Circuit Diagram	68
10. Air Circuit Diagram	71
