

## Casemaker DA 260

For fully automatic production of book cases, files, posters, calendar and board game components at speeds of up to 40 cycles/min.

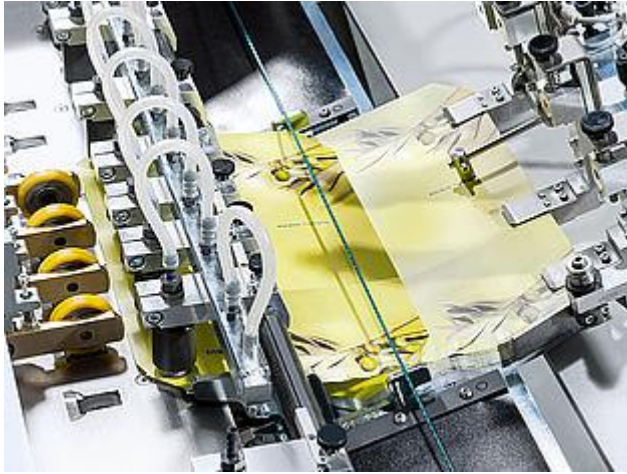

KOLBUS casemaker DA 260

### Benefits

Our DA 260 casemaker is a professional machine engineered to exacting specifications. Simple, one-man operation and fast and simple set-up contribute to the DA 260's high productivity.

### Features

The DA 260 was also engineered to be exceptionally operator-friendly. Input and output zones are at an operator-friendly height and ergonomically efficient. Make-ready is quick and easy with semi-automated settings. The operator always has a clear view of the whole machine. The machine is also ideal for small-batch or custom products using multi-section and thin boards.
