

**Machine Ref:** I7-FPM-I  
**Description:** Suntech Fabric Folding Machine  
**Manufacturer:** Suntech  
**Quantity:** As required (Made to order)  
**W. Width/Size:** 1.8-4.0m  
**Year:** New

**(Machine offered to European manufacturers only)**

**Brief technical information:**

- Suntech Model: ST-FPM-I
- Speed: 0-60m/min
- Fabric Width: 1.8-4.0m
- Electric Specs: 3Phase-380V,50hz(can be adjusted to suit for different countries)
- Plaith Width Error: <+3mm
- Edge alignment Error: <+5mm
- Remark: Variable working width is possible and can be tailor-made to your requirements of processing needs

1. Fabric reciprocating movement is controlled by PLC integrated circuit and driven by servo motor, less wearing on mechanical parts and high precise fabric plaiting width, error  $\leq \pm 3\text{mm}$
2. Hydraulic fabric pressure system gives the constant pressure and achieves automatic and digital fabric plaiting width adjustment.
3. Hydraulic lifting working table can active max.1500mm plaiting height.
4. Accurate fabric edge controlling, error  $\leq \pm 5\text{mm}$

**More photographs available on request**

**Warranty:** 1 year (Extension is available with Suntech)

**Additional information:**

**Status:** Made to order

**Condition:** Complete and in excellent condition (Including 1 year warranty)

**Location:** United Kingdom

**Delivery:** 2 Months from receipt of order

**Other Suntech Machinery**
