

Machine Ref: I7-FRM-VI
Description: Chinese Fabric Relaxing Machine
(Floating Air, Suitable for Elastomeric and Lycra fabrics and Denim Fabric)
Manufacturer: Chinese
Quantity: As required (Made to order)
W. Width/Size: 1800 -3000mm
Year: New

(Machine offered to European manufacturers only)

Brief technical information:

- Chinese Model: ST-FRM-VI
- Speed: 10-15m/min
- Fabric Width: 1.8-3.0m
- Standard Roll Diameter: 500mm
- Standard Roll Weight: 100kg
- Electric Specs: 3 Phase-380V; 50HZ

FRM-VI **Fabric Relaxing Machine** is mainly used to eliminate the tension of knit fabrics; Besides, it will keep fabrics tidy for storage. Compared with the traditional way from roll to plaited fabric relaxation, The ST-FRM-VI Fabric Relaxing Machine gives the best solution to unwind & relax the roll with consistent tension immediately to produce a perfect roll. The special air floating device and tension control system makes the fabric tension totally released from roll to roll, which can reduce out-of tolerance cut parts.

- 1) Tensionless Fabric Feed-positive surface unwinding from two rollers which are driven by separate motor and inverter.
- 2) Fabric is unwound into a photocell controlled lazy loop, releasing fabric to its original state.
- 3) Fabric passes over air-flotation zone for totally relaxing, to reduce processing time.
- 4) The output fabric roll, can be put onto the automatic spreading machine, save time and space.
- 5) Automatic Edge-alignment System, edge alignment error < 6mm
- 6) Accurate Length Counting(Y/M)-counting error ≤ 0.1m/km
- 7) Automatic Width Measuring Device-- can be installed on machine for online measuring (option)
- 8) Automatic Weight Device--measuring capacity 1000-2000kgs

Immediate cutting without waiting. You can enjoy totally relaxed fabric with accurate counting and fabric edge controlling!

Warranty: 1 year (Extension is available)

Additional information:

Status: Made to order
Condition: Complete and in excellent condition (Including 1 year warranty)
Location: United Kingdom
Delivery: 2 Months from receipt of order
