

**Machine Ref:** I7-FPM  
**Description:** Suntech Fabric Precision Plaiting Machine  
**Manufacturer:** Suntech  
**Quantity:** As required (Made to order)  
**W. Width:** 2000-3500mm  
**Year:** New

**(Machine offered to European manufacturers only)**

- PLC Controlling System!
- Hydraulic System Available!
- Fabric Tension Controlling!
- Automatic Fabric Plaiting Width Adjustment!
- For Weaving, Finishing, Printing & Dyeing Factories

## Brief technical information:

Items	200	350
Model		
Nominal fabric width	2000mm	3500mm
Applicable fabric width	1800mm	3300mm
Plaiting height	200mm	200mm
Plaiting speed	0-60m/min	0-60m/min
Plaith width error	$\leq \pm 3\text{mm}$	$\leq \pm 3\text{mm}$
Edge-alignment error	$\leq \pm 5\text{mm}$	$\leq \pm 5\text{mm}$
Dimensions	2690x3080x2700mm	4190x3080x2700mm
Weight	2180kg	2890kg
Total Power	5.5kw	6.5kw

1. Independent research and development, patent products.
2. Fabric reciprocating movement is controlled by PLC integrated circuit and driven by servo motor, less wearing on mechanical parts and high precise fabric plaiting width, error  $\leq \pm 3\text{mm}$
3. Hydraulic fabric pressure system gives the constant pressure and achieves automatic and digital fabric plaiting width adjustment.
4. Hydraulic lifting working table chips the limit of fabric plaiting height, fabric types and processing technic, wide application.
5. Accurate fabric edge controlling, error  $\leq \pm 5\text{mm}$
6. Constant tension fabric plaiting.

**Warranty:** 1 year (Extension is available with Suntech)

### Additional information:

Status: Made to order  
Condition: Complete and in excellent condition (Including 1 year warranty)  
Location: United Kingdom  
Delivery: 2 Months from receipt of order
