## Green Lifter [900kg]

The eco-friendly, battery powered Green Lifter features a lifting capacity of up to 900kg and is ideal for use in confined and restricted access areas.

With a maximum hook height of up to 3.9m, the Green Lifter also benefits from electro-hydraulic controls and a radio remote control, for ultimate control when booming in/out, up/down with loads.

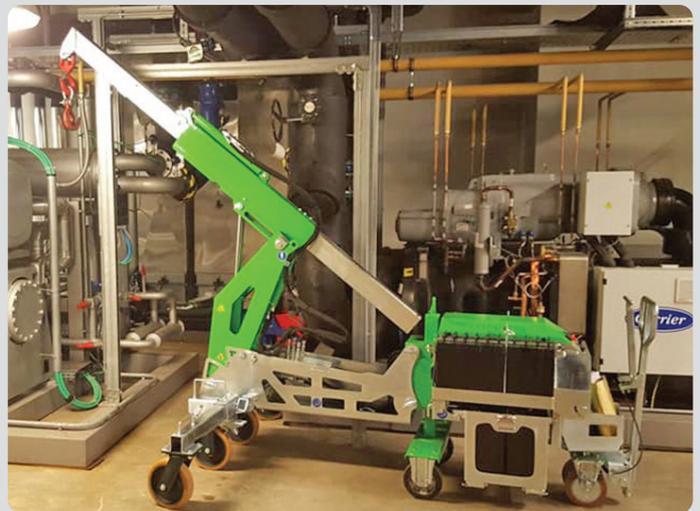

At just 2400mm long, and 660mm wide without outriggers, the manual drive function makes this floor crane perfect for manoeuvring around permanent structures and obstacles on site. It also features a battery life of up to 8 hours.

### Key Features

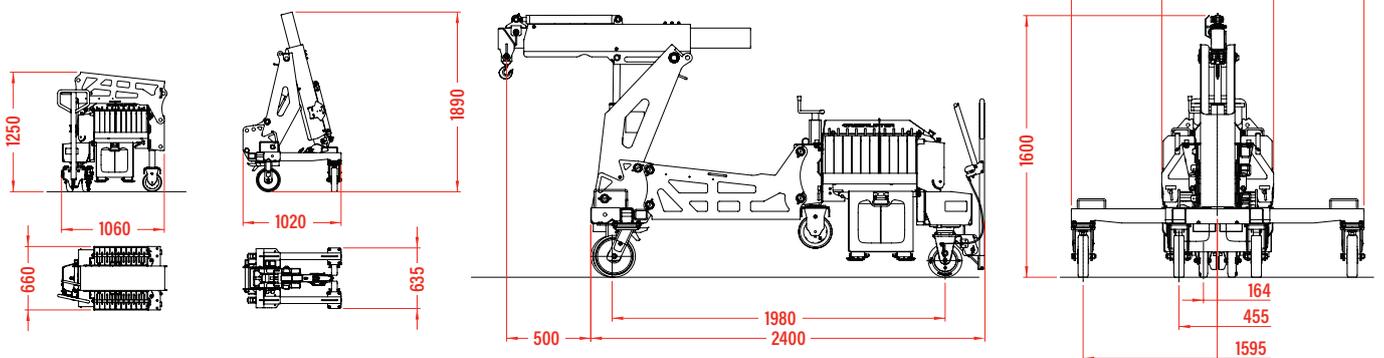

- Capacity: 900kg
- Maximum lifting height: 3.9m
- Weight: 1120kg (with counterweights)
- Breaks down for transportation

### Reference Code

MCO99

### Technical Data (mm)

## Technical Specifications

<b>Capacity</b>	900kg
<b>Dimensions</b>	2400x660x1600mm
<b>Max hook height</b>	3.9m
<b>Weight (with counterweights)</b>	1120kg (approx)
<b>Battery</b>	24v - 240Ah built in charger
<b>Boom angle range</b>	+55°/-40°
<b>Wheels</b>	Polyurethane
<b>Boom type</b>	4 section telescoping boom
