

DIESEL / HVO
Heating & Hot Water
System

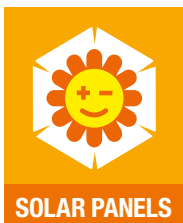

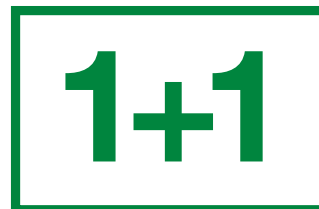

**Solar
Shower
Pod**

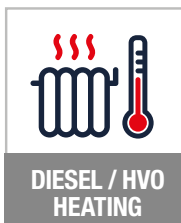

**Self sufficient toilet facilities,
perfect for remote site locations.**

Hot water & heating is supplied by an efficient diesel heating system. Pumps and lighting powered by roof mounted solar panels. No need for power or water hook ups or waste connections.

SOLAR PANELS

**DIESEL / HVO
HEATING**

**Ultra-Low
emissions
with HVO
Fuel**

Solar Shower Pod

**Built for a
tough life**

Unique patented, high
strength, composite
panels

Cubicle

- Shower unit with water temp and flow controls
- Mirror
- LED downlight
- Ventilation
- Coat hooks
- Heating outlet

Sustainability

- Solar for sustainable free energy with patent pending technology
- Reduced fuel consumption
- Reduced CO2 emissions
- Ultra-low emissions with HVO Fuel

Facilities

- **1+1 =**
250 litre water tank
x2 400 litre waste tanks
- "Waste full & Water empty" Warning indicators
- Webasto Diesel HVO Heating & hot water system
- 42 litre Fuel Tank
- OPTIONAL: Electrical input socket for mains charging
- OPTIONAL: External connections for waste or water

External

Walls: Constructed from unique patented (2448660) high strength composite panels. Galvanised steel exterior, seamless GRP interior and high density foam insulation

Roof: Seamless insulated composite panel.

Floor: 15mm plywood with slip and wear resistant phenolic coating.

Chassis: Heavy duty galvanised steel.

Doors: High security composite doors with 2 deadlocks.
