SUSTAINABILITY PIONEERING SUSTAINABLE SOLUTIONS FOR A BETTER TOMORROW

CUBE PRO TWICE THE OUTPUT HALF THE FUEL CONSUMPTION

IRELAND'S #1 CHOICE FOR SUSTAINABILITY

CUSTOMER TESTIMONIAL

Project Complete Ireland

"We have been hiring the Pramac battery packs for several months now across several sites. Resulting in saving between 70-85% in fuel costs. The major positive is there has been no downtime as generator servicing can be done while the Pramac battery pack is supplying the power. Very easy to track Data with 24/7 monitoring."
