

## Maximized Efficiency in Limited Space

Designed to maximize efficiency, the SC 34 offers ample chamber space despite its shortened packer length, effectively handling both wet and dry waste.

## Durable and Cost-Effective

Built to be tough and durable, the SC 34 promises low maintenance costs and reliable performance across multiple industries.

### 34 Cubic Yard Self-Contained Compactor - Cost-Effective:

- ✔ Adjustable Hinge Door Seal ensures a secure fit
- ✔ Washable design simplifies post-emptying cleaning
- ✔ Rounded Door improves compaction efficiency
- ✔ Raised Platen Floor prevents freezing
- ✔ Low-Profile Design ideal for dock applications
- ✔ Low Temperature Oil adapts to varied climates
- ✔ Maintenance-Reduced Design omits limit switches
- ✔ Wear Strip on Rails enhances durability
