Pronar | MRW 2.1010

Mobile Slow-Speed Shredder

Versatile Shredding

The Pronar MRW 2.1010 slow-speed shredder is a high-quality, high-power industrial shredding machine designed to reduce material volume for recycling. As our largest option, this slow-speed shredder provides an excellent balance between versatility and efficiency thanks to its dual-shaft design, incredible throughput, and durable components. A sound-proof engine compartment and dual conveyor belt system add to the performance and versatility of the 2.1010.

FEATURES

- Tracked chassis
- Easy-to-access service areas
- Remote operation
- Class leading fuel-efficiency and capacity
- On-board telematics - standard!
- Incredible material throughput
- Cross belt magnet
- CAT 18l, 563 kW, Stage V/Tier 4 Final
