COMBO**  
Chair & Stand Units

# space vs functionality

unique solution to the space vs functionality challenge, all at an affordable price. A small 44.8" (113.7cm) footprint provides total functionality in instrument delivery and patient comfort by combining features of the S4OPTIK's Examination Chairs and the spectacular engineering of S4OPTIK's instrument arms.

# chair options

Combo 1600-CB

Pivot tilt

The S4OPTIK 1600-CH Examination Chair's pneumatically assisted pivot tilting mechanism with one-handed release/control mechanism allows simple patient positioning up to a 40 degree recline. In addition to featuring this Pivot Tilt System with convenient Tilt Release Controls, the 1600 features a strong, yet silent Power Lift System, intelligent Rotation Lock, robust Foot Rest, functional Armrests, sensible Height Control locations, and improved Headrest design.

Combo 2000-CB

Cradle tilt

The S4OPTIK 2000-CH Examination Chair is the perfect choice for today's modern practice. It features a precision engineered Cradle Track System, convenient Tilt Release Controls, strong, yet silent Power Lift System, intelligent Rotation Lock, robust Foot Rest, functional Armrests, sensible Height Control locations, and improved Headrest design.

# chair options

Combo 2500-CB

Motorised recline

The S4OPTIK 2500 Chair is the perfect choice for today's modern practice. Its motorised recline system extends from a seated to a supine position, or any position in between.

Features such as membrane buttons, a strong and silent Power Lift and Recline System, intelligent Rotation Lock, robust Foot Rest, functional Armrests, sensible Height Control locations, and an improved articulating Headrest design are included.

# stand features

## Slit Lamp Arm

An engineering achievement, this fully counterbalanced arm, incorporates the full function and range, with the lock/release mechanism conveniently located at your fingertips. A 13.5" (34.3cm) range of travel and counter balance up to 60lbs (27.2kg), this arm easily accommodates all, including wheelchair patients. A chair up/down switch is located on the front of the arm and is reversible for left handed set up.

# stand features

## Halogen Overhead Light

The overhead light completes the modern appearance of the combo, yet offers a long-lasting halogen lamp, providing bright, direct light for general lighting or minor procedures. Metal lamp arm construction allows stable, one handed movements with superior durability. The overhead lamp is low voltage (12V) for safety.

# stand features

## Upper Arm (Refractor)

Engineered with natural, and comfortable hand movements in mind, the lock/release lever engages a single lock mechanism in all three dimensions (forward/backward/vertical). A 12.5" (31.75cm) vertical range, and counter balance up to 20lbs (9.1kg) ensures precise and effortless positioning.

# console options

Adding  
Features

- three rechargeable wells for hand instruments
- up/down and auto return for chair
- BIO power source with rheostat
- overhead light control with rheostat
- main power on/off switching

# console options

Adding Extra  
Features

- Storage Tray
- Optional 3rd arm
- BIO Hanger
