

# Resting ECG Comparison Report

ID: test                      12-19-2024 02:57:42  
M                      Years ( / / )  
HR                      : 60    bpm                      Diagnosis:  
P                        : 104   ms                      Sinus rhythm  
PR                      : 176   ms                      Normal ECG  
QRS                     : 88    ms  
QT/QTcBz            : 438/438    ms  
P/QRS/T              : 63/36/56  
RV5/SV1              : 1.059/1.170 mV

ID: test                      12-19-2024 03:06:48  
M                      Years ( / / )  
HR                      : 60    bpm                      Diagnosis:  
P                        : 104   ms                      Sinus rhythm  
PR                      : 174   ms                      Normal ECG  
QRS                     : 88    ms                      Can also measure  
QT/QTcBz            : 438/438    ms                      Qtcf and RR interval  
P/QRS/T              : 63/37/57  
RV5/SV1              : 1.066/1.163 mV
