

ERGODISC FLEXX 43

Ultimate flexibility, ultimate freedom

Cordless multiple speed single disc machine

Harnessing the latest digital motor technology, TASKI has cut the constraints holding back the single disc cleaning machine. Comparable performance to corded machines is now possible without compromise. With no cord to worry about, you will enjoy maximum safety. With multiple speeds, you have maximum flexibility to cover heavy duty and daily floor care tasks with just one machine. The ultra compact, low profile means cleaning up to edges and under furniture and fixtures is now achievable. With a run time of two hours* and a recharge time of just one hour** infinite autonomy is possible. The ERGODISC FLEXX could be the only single disc machine you'll ever need.

Digital motor
Highly efficient,
highly flexible

Lithium battery
Maximum autonomy,
maximum longevity

Multi speeds
All low to high
speed applications

Latest charger
Fast charge,
maximum uptime

Freedom & safety

97% savings. Zero risk of trips

Save up to 97% in unproductive time normally spent on preparation, safety checks, and clean down. No cable means no trip hazard and no risk of electric shock. Use anywhere, anytime, no constraints. Perfect for public areas, mobile and transport cleaning. Lower profile for better access and productivity.

3-in-1 for all low & high speed tasks

66% savings

Save money with one machine to cover all heavy duty, low speed and high speed applications.

1. 120RPM - heavy duty tasks
2. 150RPM - stripping & scrubbing
3. 350RPM - spray cleaning & buffing

Powerful 36V Lithium battery

Up to 2 hours run time*

Up to 2 hours+ run time depending upon application.* Up to 2000 cycles for extended longevity. Powerful 14.5Ah for heavy duty tasks.

Super fast charger

1 hour recharge time**

Short recharge time of 1 hour.** Infinite autonomy is possible with two batteries. Recharge the first battery while using the second battery and then simply swap when needed.

Ergodisc's legendary quality

3-year warranty

The TASKI ergodisc brand has an enviable reputation for quality, reliability and ergonomics. Highest quality, robust construction and ultra reliable backed by the TASKI 2-year warranty.

Sustainability

40% savings

40% less energy than a comparable cable machine. Digital motors require little or no maintenance. Less service visits means lower carbon footprint and costs. Up to 1,640 lb. / 744 kg of CO₂ saved over five years compared to cable machines.

*Depending on the floor type & application. **80% charge.

TASKI® The ULTIMATE Cleaning Machines™

Ultra compact battery

TASKI ERGODISC FLEXX 43 combines the latest lithium battery and digital motor technology with all the existing features which have made TASKI ERGODISC the number one single disc brand.

Ergodisc ergonomics

Better working conditions improve productivity through:

- Anatomically formed grip
- Adjustable handlebar height
- Low vibration level
- Low noise level
- Soft start characteristics

Ergodisc safety

Creates a safer working environment through:

- Closed handle frame for hand protection
- Double safety lock
- No cord adds new levels of safety.

Ergodisc simplicity

Ease of use results in improved efficiency through ease of:

- Simple training and operation
- No tools required for fitting of accessories
- Foldable handle and removable weight make storage and transportation easy & simple

Ergodisc versatility

Multi-purpose, cost-efficient machine:

- Multiple speeds means everything from grinding, sanding, stripping, scrubbing, buffing and even carpet shampooing can be carried out by just one machine
- Comprehensive range of new and existing accessories available
