

THE BEST MACHINES FOR THE WORST CONDITIONS.

At Ariens®, we believe that the machine you buy needs to be built for the worst Mother Nature can throw your way. That's why for the last five generations, we've been building the best machines for the worst conditions. Around here we don't shy away from bad weather, we just dig right in and get the job done.

ELECTRIC JOYSTICK CHUTE CONTROL

Move the chute without moving your whole hand.

SUPER HIGH OUTPUT IMPELLER (SHO)

Move through heavy, wet snow with ease with our exclusive SHO technology.

LED LIGHT BAR

Every Special Edition has a housing-mounted LED lightbar for the best visibility for clearing snow.

CAST-IRON GEAR CASE

Our rugged gear case leads the industry by producing an unmatched auger ratio to clear more snow faster.

Take your Ariens® to the next level with OEM accessories and upgrades that turn the best machines on the planet into the perfect machine for your property. And because our accessories come straight from the factory, you'll never have to second guess how they will perform.

ENGINE

Powerful EFI engine that automatically adjusts to load for maximum efficiency and uninterrupted power in any altitude or snow condition.

TWO DE-ICING OPTIONS

20-gallon brine kit with rear-mounted nozzles and spray wand or category leading 2.0 cubic-foot rear-mounted drop salt-spreader.

TWO PLOW OPTIONS

The 48" V-Plow combo converts quickly between v-mode, scoop and straight blade to clear any path. The V-Plow also has optional wing-kit. A sturdy 48" straight blade is also available.

TWO SNO-THRO® ATTACHMENTS

Legendary King of Snow® performance, Mammoth-sized. 36" and 48" snow heads with 14" augers and 16" impellers can throw snow as close as 3' or launch it over 60' away.

POWER BRUSH

Clears down to the surface for a clean, finished look - the perfect alternative for zero-tolerance properties. Individual poly bristle wafers for easy replacement.

2026/2027
ARIENS.COM

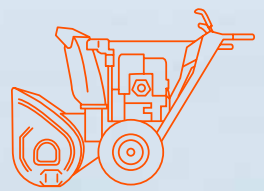

WE CLEAR THE PATH FOR THE REST TO FOLLOW.

RIGHT FROM THE BEGINNING, WE SET OUT TO BE THE BEST.

In 1933, Henry Ariens and his sons risked everything on a dream and started the Ariens Company. From a four-employee garage in Brillion, Wisconsin, to a globally recognized manufacturer of quality outdoor power equipment, the Ariens name has come to exemplify incomparable machines.

Nine decades and five generations later, our company's small hometown and our CEO's last name still hasn't changed. We're committed to being a local, family-run manufacturer, and that's something we don't plan on changing any time soon.

ARIENS®

Ariens® Sno-Thros are engineered with industry-leading innovations and built to outperform expectations season after season. Because when your standards set the benchmark, every snowdrift becomes just another challenge conquered.

CAST IRON GEAR CASE

Heavy-duty cast iron delivers lasting durability, backed by a 5-year warranty.

AUTO-TURN STEERING

Automatic steering helps the machine turn smoothly and maneuver easily without triggers.

EFI ENGINE

Available Ariens EFI technology delivers easy starting, consistent power and efficient operation.

DUAL BELT DRIVE

Our exclusive Dual Belt Drive transfers more power to the auger while helping extend belt life.

QUICK-TURN CHUTE ROTATION

Quick-Turn™ chute control makes it fast and easy to direct snow exactly where you want it.

RAPIDTRAK™

Available RapidTrak™ provides added traction and control in challenging conditions.
