

MIC 42

The MIC 42 implement carrier with quick-change system, comfort cab with all-round view, intuitive operating concept and an engine which already exceeds the minimum requirements of the upcoming STAGE V.

Order no. 1.442-250.2

- 42 HP diesel engine with up to 60 l hydraulic output

Technical data

EAN code	4054278292847
Drive	Diesel
Traction drive	All-wheel drive
Motor manufacturer	Yanmar
Motor rating	32 kW
Displacement	1568 cm ³
Cylinder	3
Exhaust emissions standard	STAGE V
Fuel tank	41 l
Driving speed	0 - 25 km/h
Working speed	0 - 25 km/h
Wheelbase	1500 mm
Permissible total weight	2500 kg
Weight without accessories	1400 kg
Weight incl. packaging	1400 kg
Dimensions (L × W × H)	3200 × 1400 × 2230 mm

Equipment

Particle filter
Air conditioning
Heating
Flashing lights
Year-round use

This machine requires instruction.

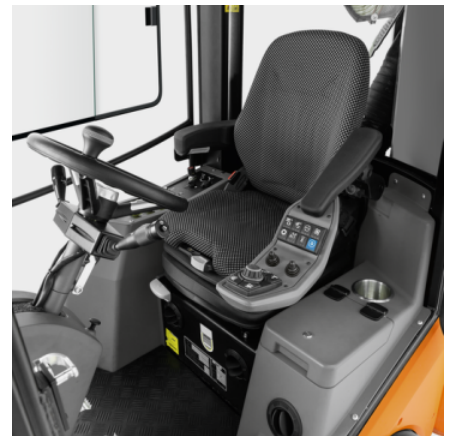

Economical and environmentally friendly drive

- Common rail direct injection and diesel particulate filter lower the emission values below STAGE V.
- For applications in urban green zones.
- Lower fuel consumption protects the environment and lowers the operating costs.

Integrated quick-change system

- Mounting of front implements via standard coupling triangle KAT Municipal.
- Replacement of implements at the rear using quick-change system with hydraulic tilting frame.
- Optional multi-coupler system for fast and drip-free connection of hydraulics.

Maximum operating comfort

- Largest cab in its class (1.45 m³ air volume), 360° panoramic view, ergonomic and clearly arranged.
- Windows on both sides, lockable storage compartment, USB charging port, bottle holder.
