Flashing lights
Year-round use

High variability for vehicle types, construction and expansion options

- Flexible use and large selection of powerful implements.
- Quick-change system enables 1 person to change implements without the need for any tools.
- Two standard attachment areas (front/rear) and a 3rd attachment area for articulated implements.

Ergonomic and comfortable cab

- Optimal room climate in all weathers with air-conditioning, heating, and rotating air nozzles.
- 360° panoramic view for unobstructed view of working area and safe manoeuvring.
- Ergonomically arranged working area.

Easy service access

- Daily service work is possible without removal of implements.
- Hydraulically tiltable engine compartment cover allows tilting with articulated machine.
- Swivel-mounted or foldable side parts on right and left sides.
