

PROFESSIONAL 21

SERIES

BUILT TO WORK. READY TO MOVE.

The Professional 21 is built for commercial crews that need to keep moving. Its powerful 212cc Ariens AX engine, high-wear reinforced rubber paddles and self-adjusting scraper bar deliver dependable clearing from property to property. And with the exclusive Smart Lift system, loading up and getting to the next job is quick and easy.

When it snows, I'm driving to over 20 properties so my Ariens Professional's handlebar makes loading and unloading easy on my back.

*— Shawn H.
Holland, MI*

REMOTE CHUTE CONTROL

Quickly change chute direction from the operator position to put snow exactly where you want it.

BUILT TO KEEP MOVING

Auger-propelled drive helps move the machine forward while you clear.

COMMERCIAL-GRADE CLEARING

High-wear reinforced rubber paddles and a self-adjusting scraper bar follow surface contours for consistent, clean clearing.

SIMPLE MAINTENANCE

The open engine design provides easy access to the oil fill, oil drain and spark plug for routine service.

SMART LIFT SYSTEM

Our exclusive handlebar system makes it easier to lift and slide the machine into a vehicle between jobs.
