DORST TPA 140

Pressing Force max.	1400 Kn
Withdrawal force max.	1100 Kn
Supporting force in pressing position max.	800 Kn
Die return force max.	70 Kn
Upper punch stroke	220 mm
Upper punch adjusting travel	220 mm
Number of strokes	5-18 1/min
Filling height max.	180 mm
Pressing travel max.	90 mm
Withdrawal travel max.	90 mm
Top pressing travel max	18 mm
Upper punch pneumatic preload max.	80 mm
Compressed air supply , Air consumption , Intake air aprox.	140 l/min
Total connected load aprox.	25,0 Kw
Press dimensions:	
Width aprox.	1950 mm
Depth aprox.	1750 mm
Height aprox.	4380 mm
Weight of the press aprox.	14.200 Kg
Oil filling quantity :	
Press housing	240 l (gear oil)
Workplace-related sound	78 dB (A)
